REPORT OF MANAGEMENT

Management of Vinhomes Joint Stock Company ("the Company") is pleased presents this report and the Separate financial statements of the Company for Quarter II 2025.

MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE SEPARATE FINANCIAL STATEMENTS

Management is responsible for the separate financial statements of each financial period which gave a true and fair view of the separate financial position of the Company and of the separate results of its operations and its separate cash flows for the period. In preparing the separate financial statements, management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgements and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed or not, subject to any material departures disclosed and explained in the separate financial statements; and
- ▶ prepare the separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue its business.

Management is responsible for ensuring that proper accounting records are kept to disclose, with reasonable accuracy at any time, the separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that they have complied with the above requirements in preparing these separate financial statements.

STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying separate financial statements give a true and fair view of the separate financial position of the Company as at 30 June 2025 and of the separate results of its operations and its separate cash flows for the period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the separate financial statements.

The Company has subsidiaries as disclosed in the separate financial statements. The Company prepared these Separate financial statements to meet the prevailing requirements in relation to disclosure of information, specifically the Circular 96/2020/TT-BTC on disclosure of information on the securities market. In addition, as required by these regulations, the Company has also prepared the consolidated financial statements of the Company and its subsidiaries for the period ended 30 June 2025 ("the consolidated financial statements") dated 30 July 2025.

Users of the separate financial statements should read them together with the above consolidated financial statements in order to obtain full information on the consolidated financial position, consolidated results of operations and consolidated cash flows of the Company and its subsidiaries.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**2. BASIS OF PRESENTATION****2.1 Purpose of preparing the separate financial statements**

The Company has subsidiaries as disclosed in Note 1. The Company prepared the separate financial statements to meet the prevailing requirements in relation to disclosure of information, specifically the Circular No. 96/2020/TT-BTC on disclosure of information on the securities market. In addition, as required by these regulations, the Company has also prepared the consolidated financial statements of the Company and its subsidiaries for the period ended 30 June 2025 dated 30 July 2025.

Users of the separate financial statements should read them together with the consolidated financial statements in order to obtain full information on the consolidated financial position, consolidated results of operations and consolidated cash flows of the Company and its subsidiaries.

2.2 Accounting standards and system

The Separate financial statements of the Company, which are expressed in Vietnam dong ("VND"), are prepared in accordance with Vietnamese Enterprise Accounting System and other Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying separate financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

2.2 Applied accounting documentation system

The Company's applied accounting documentation system is the General Journal.

2.3 Fiscal year

The Company's fiscal year applicable for the preparation of its separate financial statements starts on 1 January and ends on 31 December.

2.4 Accounting currency

The Separate financial statements are prepared in VND which is also the Company's accounting currency. For the purpose of presenting the separate financial statements as at 30 June 2025, the figures are rounded to the nearest millions and presented in millions of Vietnam dong ("million VND").

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of not more than three months and investments with maturity of not more than three months since investment date that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

Cash and cash equivalents also include cash in operating joint bank accounts between the Company and counterparty when the Company assesses to have control over these accounts.

3.2 Inventories

Inventories are measured at their historical costs. The cost of inventories comprises costs of purchase, costs of conversion (including raw materials, direct labor cost, other directly related cost, manufacturing general overheads allocated based on the normal operating capacity) incurred in bringing the inventories to their present location and condition.

In case the net realizable value is lower than the original price, it must be calculated according to the net realizable value.

Net realisable value ("NRV") represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

Inventory property

Property acquired or being constructed for sale, rather than to be held for rental or capital appreciation, is held as inventory property and is measured at the lower of cost and NRV.

Cost of inventory property comprise direct cost incurred on the property and overheads allocated to that property, specifically as follows:

- ▶ Freehold, leasehold and development rights for land;
- ▶ Amounts payable/paid to contractors for construction; and
- ▶ Borrowing costs, planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs.

Net realisable value is the estimated selling price in the ordinary course of the business, based on market prices at the reporting date, and less cost to complete and the estimated selling price.

Construction inventory

The Company uses perpetual method to record raw materials and merchandise which are valued at cost of purchase on a weighted average basis.

Work in progress of construction contracts comprises costs of materials, labour costs, construction costs payable to sub-contractors and other related costs which have not been accepted by the investors at the date of the separate financial statements.

Other inventories

The value of inventories which are materials supplied to the investor of the projects is measured on the specific identification basis, while the value of other inventories is measured on a weighted average basis.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)**3.2 Inventories** (continued)*Provision for obsolete inventories*

An inventory provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of finished goods, and other inventories owned by the Company, based on appropriate evidence of impairment available at the reporting date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the separate income statement. When inventories are expired, obsolescence, damage or become useless, the difference between the provision previously made and the historical cost of inventories are included in the separate income statement.

3.3 Receivables

Receivables are presented in the separate balance sheet at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The Company contributes assets into Business and Investment Co-operation Contracts, including shopping malls, in which corporate counterparties have the right to operate, exploit and manage these components since the commencement of operation, and the Company is entitled to receive a portion of shared profits from operation. Under such circumstances, the Company's capital contribution into the Business and Investment Co-operation Contracts will be recognised in other receivables on the separate balance sheet at the time the Company hands over the assets to operate and exploit, and the contributed assets are written down correspondingly.

The provision for doubtful debts represents amounts of outstanding receivables at the separate balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the separate income statement. When bad debts are determined as unrecoverable and accountant writes off those bad debts, the differences between the provision for doubtful receivables previously made and historical cost of receivables are included in the separate income statement.

3.4 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the separate income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.5 Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

Where the Company is the lessor

Assets subject to operating leases are presented as investment properties in the separate balance sheet. Initial direct costs incurred in negotiating an operating lease are recognised in the separate income statement as incurred.

For lease of assets under an operating lease that satisfies all conditions of rental income to be recognised in full one time as presented in Note 3.19 - Revenue recognition, rental income is recognised one time at the entire rental value.

For other cases under an operating lease, lease income is recognised in the separate income statement on a straight-line basis over the lease term.

Where the Company is the lessee

Rentals under operating leases are charged to the separate income statement on a straight-line basis over the lease term.

3.6 Intangible fixed assets

Intangible fixed assets are stated at cost less accumulated amortisation.

The cost of an intangible fixed asset comprises its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the separate income statement.

3.7 Depreciation and amortisation

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	41 - 50 years
Machinery and equipment	3 - 11 years
Means of transportation	6 - 10 years
Office equipment	3 - 6 years
Computer software	3 - 5 years
Others	3 - 6 years

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.8 Investment properties

Investment properties are stated at cost including transaction costs less accumulated depreciation.

Subsequent expenditure relating to an investment property that has already been recognised is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company.

Depreciation of investment properties is calculated on a straight-line basis over the estimated useful life of each asset as follows:

Definite land use rights, buildings and structures	10 - 50 years
Machinery and equipment	9 - 10 years

No amortisation is charged on the land use rights presented as investment properties with indefinite terms.

For long-term lease of investment properties which the Company receives rental fee in advance for many periods and rental income is recognised one at the entire rental amount received, depreciation and amortisation of these investment properties are recognised with entire amount at the point of revenue recognition.

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the separate income statement in the period of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

3.9 Borrowing costs

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

Borrowing costs are recorded as expense during the period in which they are incurred, except to the extent that they are capitalised except to the extent that borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.10 Prepaid expenses**

Prepaid expenses are reported as short-term or long-term prepaid expenses on the separate balance sheet and amortised over the period for which the amounts are paid or the period in which economic benefit is generated in relation to these expenses.

Short-term prepaid expenses include selling expenses related to inventory properties not yet handed over and other prepaid expenses which are expected to generate future economic benefits within one ordinary course of business cycle.

Long-term prepaid expenses include tools and equipment used, rental prepaid expenses and other prepaid expenses that bring future economic benefits for more than one year or one ordinary course of business cycle.

Prepaid land rental

The prepaid land rental represents the remaining unamortised balance of advance payment made in accordance with the lease contract signed with the authorities. Such prepaid rental is recognised as a long-term prepaid expense for allocation to the separate income statement over the remaining lease period according to Circular No. 45/2013/TT-BTC issued by the Ministry of Finance on 25 April 2013.

3.11 Investments*Investments in subsidiaries*

Investments in subsidiaries over which the Company has control are carried at cost.

Distributions from accumulated net profits of the subsidiaries arising subsequent to the date of acquisition are recognised in the separate income statement. In case the accumulated net profits for distributions are not specified, the Company prioritises the undistributed earnings of the subsidiaries arising subsequent to the date of acquisition for distributions. Distributions from sources which are attributable to period before obtaining control are considered a recovery of investment and are deducted to the cost of the investment.

Investments in associates

Investments in associates over which the Company has significant influence are carried at cost.

Distributions from accumulated net profits of the associates arising subsequent to the date of acquisition are recognised in the separate income statement. Distributions from sources which are attributable to period before having significant influence are considered a recovery of investment and are deducted from the cost of the investment.

Held-for-trading securities and investments in other entities

Held-for-trading securities and investments in other entities are stated at their acquisition costs.

Provision for diminution in value of investments

Provision of the investment is made when there is reliable evidence of the diminution in value of those investments at the separate balance sheet date.

Increases or decreases to the provision balance are recorded as finance expense in the separate income statement.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.11 Investments (continued)***Held-to-maturity investments*

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as finance expense in the separate income statement and deducted against the value of such investments.

3.12 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Company. Payables to construction contractors are recognised for amounts certified by the construction work certificate signed with contractors, whether or not billed to the Company.

3.13 Accrual for severance pay

The severance pay to employee is accrued at the end of each reporting period for employees who have been worked for more than 12 months at the Company. The accrued amount is calculated at the rate of one-half of the average monthly salary for each year of service qualified for severance pay in accordance with the Labor Code and related implementing guidance. The average monthly salary used in this calculation is adjusted at the end of each reporting period following the average monthly salary of the last 6-month period up to the reporting date. Increases or decreases to the accrued amount other than actual payment to employee will be taken to the separate income statement.

This accrued severance pay is used to settle the termination allowance to be paid to employee upon termination of their labor contract following Article 46 of the Labor Code.

3.14 Provisions*General provisions*

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the separate income statement net of any reimbursement.

The Company assesses onerous contracts are those contracts in which, the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. The Company recognises and assesses obligations under onerous contracts as provisions and these provisions are made for each onerous contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance expense.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.14 Provisions (continued)***Warranty provision for inventory properties*

The Company estimates provision for warranty expenses for sold properties during the year based on revenues and available information about the repair of similar properties sold in the past.

Warranty provision for construction

Warranty provisions for products, goods, services, and construction projects are provisions for costs related to products, goods, services, and construction projects that have been sold, provided, or delivered to buyers but are still within the warranty period, and the Company is still obligated to continue repairs and completions according to the contracts or commitments with customers.

Warranty provisions for construction project are made for each construction project or project item that has been completed and handed over during the year. The warranty provision for construction project is recognised as part of cost of goods sold. In cases where the warranty provision for construction project exceeds the actual costs incurred, the difference is reversed and recognised as other income.

Warranty provision for construction projects is estimated based on a percentage of the construction value.

3.15 Foreign currency transactions

Transactions in currencies other than the Company's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- ▶ Transaction resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection;
- ▶ Transactions resulting in liabilities are recorded at the selling exchange rates of the transaction of commercial banks designated for payment;
- ▶ Capital contributions are recorded at the buying exchange rates of the commercial banks designated for capital contribution; and
- ▶ Payments for assets or expenses without liabilities initially being recognised is recorded at the buying exchange rates of the commercial banks that process these payments.

At the end of the period, monetary balances denominated in foreign currencies are translated at the actual transaction exchange rates at the separate balance sheet dates which are determined as follows:

- ▶ Monetary assets are translated at buying exchange rate of the commercial bank where the Company conducts transactions regularly; and
- ▶ Monetary liabilities are translated at selling exchange rate of the commercial bank where the Company conducts transactions regularly.

All foreign exchange differences incurred during the period are taken to the separate income statement.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.16 Share capital*****Ordinary shares***

Ordinary shares are recognised at their par value upon issuance.

Share premium

Share premium reflects the difference between the par value and the share issuance price, minus the actual issuance cost directly related to the share issuance, after deducting the tax effects.

Treasury shares

Own equity instruments which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss upon purchase, sale, issue or cancellation of the Company's own equity instruments. When treasury shares are cancelled, the issued share capital will be reduced by the par value of the shares, and the difference between the reduction in issued share capital and the cancelled treasury shares is recorded in share premium.

3.17 Appropriation of net profits

Net profit after tax (excluding negative goodwill arising from bargain purchases) is available for appropriation to shareholders after approval by shareholders at the General Shareholders' Meeting and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

The Company recognises the distribution of cash dividends when such appropriation is approved by the shareholders at the General Shareholders' Meeting; and recognise the distribution of stock dividends when such appropriation is approved by the shareholders at the General Shareholders' Meeting and authorised State bodies.

The Company maintains the reserve funds which are appropriated from the Company's net profit after approval by shareholders at the General Shareholders' Meeting.

3.18 Advances from customers buying inventory properties

Payments received from customers as deposits for the purchase of inventory properties in the future that do not meet the conditions for revenue recognition, are recognised and presented as "Advances from customers" in the liability section in the separate balance sheet. Incentives under promotion programs which are, in substance, revenue deductions are offset against account "Advances from customers" which are not qualified to be recognised as revenue for the period.

3.19 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from sale of inventory properties

Revenue from sale of inventory properties is recognised when the significant risks and rewards incident to ownership of the properties have been passed to the buyer.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)**3.19 Revenue recognition** (continued)*Rental income*Periodic rental income

Rental income arising from leased properties is recognised in the separate income statement on a straight-line basis over the lease terms of ongoing leases.

Rental income recognised one time

For lease of assets which the Group receives rental fee in advance for many periods and the lease periods cover more than 90% of the useful life of the assets, rental income is recognised one time at the entire rental amount received in advance when all these conditions are met:

- ▶ The lessee is not entitled to cancel the lease contract and the Company and its subsidiaries has no obligation to repay the amount received in advance in all cases and in all forms;
- ▶ The amount received in advance from the lease is not less than 90% of the total rental amount expected to be fulfilled under the contract during the lease term and the lessee must pay the entire amount of lease within 12 months from the beginning of the lease;
- ▶ Almost all the risks and benefits associated with ownership of the leased asset are transferred to the lessee; and
- ▶ The Company and its subsidiaries must estimate relatively the full cost of the lease.

Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually upon the delivery of the goods.

Rendering of services

Revenue from rendering of services is recognised when the services are rendered to customers.

Income from Business and Investment Co-operation Contracts in which the Company is entitled to profit before tax or profit after tax

Under Business and Investment Co-operation Contracts not in the form of jointly controlled assets or jointly controlled operations in which the Company contributes capital in cash, distributed income is recognised as financial income in the separate income statement.

Under Business and Investment Co-operation Contracts not in the form of jointly controlled assets or jointly controlled operations in which the Company contributes capital with assets, distributed income is recognised as revenue in the separate income statement.

Interest

Income is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

Dividends

Income is recognised when the Company's entitlement as an investor to receive the dividend is established.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.19 Revenue recognition (continued)***Income from capital transfer*

Income from capital transfer is identified as difference between transfer consideration and cost of capital transfer. This income is recognised on date when the transaction arises being the date when the transfer contract is exercised.

Revenue from goods and services and/or attached goods in multiple elements package

In the transaction in which the Company provides multiple products and services to the customer in the same arrangement, the Company determines the obligation to sell the product and the obligation to render the services separately and only recognises the revenue when each individual obligation is completed by the Company. The contract value is allocated to individual product by taking the total contract value minus the estimated fair value of the service. Payments from customers under contracts corresponding to the unfulfilled obligations are presented as "Advances from customers" or "Unearned revenues" in the separate balance sheet.

3.20 Cost of inventory properties sold and investment/business cooperation activities relating to real estate projects

Cost of inventory properties sold includes cost of properties transferred during the period and profits are shared to a counterparty under investment/business cooperation contracts by the Company relating to real estate projects.

For investment/business cooperation contracts relating to real estate projects where the Company controls project activities and associated assets, profits distributed by the Company to counterparties according to preliminary finalisation are recognised as the cost of goods sold, or as a reduction in other income, in the separate income statement. Capital contribution received from counterparties under investment/business cooperation contracts are recognised in the liability section in the separate balance sheet if the Company has obligations to repay those capital contributions.

3.21 Construction contract

Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the balance sheet date, as measured by reference to the work performed that has been agreed by customers. Variations in contract work, claims and incentive payments are included to the extent that they have been agreed with the customer.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.22 Taxation***Current income tax*

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the separate balance sheet date.

Current income tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the separate balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction affects neither the accounting profit nor taxable profit or loss;
- ▶ in respect of taxable temporarily differences associated with investments in subsidiaries and associates, and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except:

- ▶ where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss;
- ▶ in respect of deductible temporarily differences associated with investments in subsidiaries, associates, and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profits will be available against which the temporary differences can be utilized.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
Quarter II 2025**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.22 Taxation (continued)***Deferred tax (continued)*

The carrying amount of deferred tax assets is reviewed at each separate balance sheet date and reduced to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Previously unrecognised deferred income tax assets are re-assessed at each separate balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the separate balance sheet date.

Deferred tax is charged or credited to the separate income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Company intends either to settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.23 Segment information

A segment is a component determined separately by the Company which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

Company's business segment is derived from sales of inventory properties and render of services. Management defines the Company's geographical segments to be based on the location of the Company's assets.

3.24 Related parties

Parties are considered to be related parties of the Company if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and other party are under common control or under common significant influence. Related parties can be enterprise or individual, including close members of the family of any such individual.

3.25 Bond issuance transaction cost

Transaction costs relating to bond issuance are charged to the separate income statement on a straight-line basis over the term of the bond. At initial recognition, these transaction costs are deducted from liability component of the bond.
