SUNSHINE HOMES DEVELOPMENT JOINT STOCK COMPANY

9th Floor, Sunshine Center Building, No. 16 Pham Hung, Tu Liem Ward, Hanoi City, Vietnam

STATEMENT OF THE EXECUTIVE BOARD

The Executive Board of Sunshine Homes Development Joint Stock Company (the “Company”) presents this report together with the separate financial statements for the six – month period ended 30 June 2026

THE BOARD OF DIRECTORS AND EXECUTIVE BOARD

The members of the Board of Directors and Executive Board of the Company during the year and to the date of this report are as follows:

Board of Directors

Mr. Nguyen Xuan Anh	Chairman
Mr. Do Anh Tuan	Member
	Vice Chairman
Mr. Jun Sungbae	Member
Mr. Nguyen Nam Viet	Member (resigned on 16 May 2026)
Mr. Nguyen Viet Hai	Independent Member (resigned on 16 May 2026)
	Member (appointed on 16 May 2026)
Mrs.	Independent Member (appointed on 16 May 2026)

Executive Board

Mr. Jun Sungbae	Chief Executive Officer
Ms. Nguyen Thi Hong Hanh	Executive Officer (resigned on 12 June 2026)
Mr. Phan Ich Long	Executive Officer (resigned on 12 February 2026)

THE EXECUTIVE BOARD’S STATEMENT OF RESPONSIBILITY

The Executive Board of the Company is responsible for preparing the separate financial statements, which give a true and fair view of the financial position of the Company as at 30 June 2026, and its financial performance and its cash flows for the six – month period then ended in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting. In preparing these separate financial statements, the Executive Board is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the separate financial statements;
- Prepare the separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business; and
- Design and implement an effective internal control system to properly preparing and present the separate financial statements to minimize errors and frauds.

SUNSHINE HOMES DEVELOPMENT JOINT STOCK COMPANY

9th Floor, Sunshine Center Building, No. 16 Pham Hung, Tu Liem Ward, Hanoi City, Vietnam

STATEMENT OF THE EXECUTIVE BOARD (Continued)

The Executive Board is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of the Company and that the separate financial statements comply with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting. The Executive Board is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

The Executive Board confirms that the Company has complied with the above requirements in preparing these separate financial statements.

For and on behalf of the Executive Board,

Jun Sungbae
Chief Executive Officer

 July 2026

Disclosure of information comparability in the separate financial statements

The comparative figures are derived from the Company's separate financial statements for the fiscal year ended 31 December 2025, which have been audited. The Company has adopted Circular No. 99/2025/TT-BTC dated 27 October 2025 for accounting periods beginning on or after 1 January 2026.

Accordingly, certain captions and line items in the Statement of Financial Position (formerly the Balance Sheet), the Statement of Profit or Loss, the Statement of Cash Flows, and the accompanying notes to the separate financial statements for the second quarter of 2026 have been adjusted and re-presented to conform with the requirements of this Circular, thereby ensuring consistency in the presentation of the financial statements.

2. ACCOUNTING CONVENTION AND FINANCIAL YEAR

Accounting convention

The accompanying separate financial statements, expressed in Vietnam Dong (VND), are prepared under the historical cost convention and in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting.

The accompanying separate financial statements are not intended to present the financial position, results of operation and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

These separate financial statements should be read together with the Company's consolidated financial statements for the period ended 30 June 2026 in order to obtain comprehensive information on the financial position as well as the results of operations and the cash flows of the Company during the year.

The accompanying notes are an integral part of these separate financial statements

Financial year

The Company's annual accounting period begins on 01 January and ends on 31 December.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies, which have been adopted by the Company in the preparation of these separate financial statements, are as follows:

Estimates

The preparation of separate financial statements in conformity with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting requires the Executive Board to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the separate financial statements and the reported amounts of revenues and expenses during the financial year. Although these accounting estimates are based on the Executive Board's best knowledge, actual results may differ from those estimates.

Cash

Cash include cash on hand, bank demand deposits.

Financial investments

Investments in subsidiaries and associates

Investments in subsidiaries

A subsidiary is an entity over which the Company has control. Control is achieved where the Company has the power to govern the financial and operating policies of an investee enterprise so as to obtain benefits from its activities.

Investments in associates

An associate is an entity over which the Company has significant influence and that is neither a subsidiary nor an interest in joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

Interests in subsidiaries and associates are initially recognised at cost. The Company's share of the net profit of the investee after acquisition is recognised in the income statement. Other distributions received other than such profit share are deducted from the cost of the investments as recoverable amounts.

Investments in subsidiaries and associates are carried in the balance sheet at cost less provision for impairment of such investments (if any). Provisions for impairment of investments in subsidiaries, joint ventures and associates are made when there is reliable evidence for declining in value of these investments at the balance sheet date.

Receivables

Receivables represent the amounts recoverable from customers or other debtors and are stated at book value less provision for doubtful debts.

Provision for doubtful debts is made for receivables that are overdue on basis of collectability, or when the debtor is in dissolution, in bankruptcy, or is experiencing similar difficulties and so may be unable to repay the debt.

Inventories

Inventories include work in progress of an apartment building with commercial services at No.16 Pham Hung, Tu Liem Ward, Hanoi ("Sunshine Center Project") and the Villas at "Noble Service Area and Low-rise Housing" project located at Golf Course, Da Tho Hamlet, Thien Loc Commune, Hanoi City.

The company accounts for inventory using perpetual method. Inventories are stated at the lower of cost and net realizable value. The cost of work in process of Sunshine Center project includes land use fees, site clearance and compensation cost, construction cost, borrowing cost, other direct and overhead costs incurred during project construction. The cost of work in progress of the Villas at "Noble Service Area and Low-rise Housing" project is the project value corresponding to the volume of work items completed by subcontractors and accepted by relevant parties. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution. The evaluation of necessary provision for inventory obsolescence follows current prevailing accounting regulations which allow provisions to be made for obsolete, damaged, or sub-standard inventories and for those which have costs higher than net realisable values as at the balance sheet date.

Cost of real estate products sold is recognized in the income statement based on the direct expenses attributed to the properties and the overhead costs allocated correspondingly to the area of the relevant properties.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation.

The costs of purchased tangible fixed assets comprise their purchase prices and any directly attributable costs of bringing the assets to their working condition and location for their intended use.

The costs of self-constructed or manufactured assets are the actual construction or manufacturing cost plus installation and test running costs.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives as follows:

	Years
Buildings, structures	35
Motor vehicles, transmission equipment	10
Office equipment	05

Loss or gain resulting from sales and disposals of tangible fixed assets is the difference between the net proceeds from sales or disposals of assets and their carrying amount and is recognised in the income statement.

Intangible assets and amortization

Intangible assets represent land use rights and computer software that are stated at cost less accumulated amortization.

Land use rights represent land use rights of villa located at No.23, lot D3A.3, 18.6 ha auction area located at Tay Ho Ward, Hanoi. Indefinite land use rights are not amortized.

Computer software is amortized on a straight-line basis over its estimated useful life of 5 years.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The accompanying notes are an integral part of these separate financial statements

The Company as lessor

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are charged to the income statement when incurred or charged to the income statement using straight-line basis over the lease term.

The Company as lessee

Leases where substantially all the rewards and risks of ownership of assets remain with the leasing company are accounted for as operating leases. Rentals payable under operating leases are charged to the income statement on a straight-line basis over the term of the relevant lease or allocated to the cost of finished real estate products at the time of hand-over to customers.

Investment properties

Investment properties are composed of buildings, structures and other investment properties held by the Company to earn rentals.

Buildings, structures held by the Company to earn rentals include:

No	Project	Address
1.	Villas and furniture at Vuon Dao villa	No.23, Lot D3A.3, Auction Area 18.6 ha, Tay Ho Ward, Hanoi City
2.	Investment properties at the Sunshine Center project	No.16 Pham Hung, Tu Liem Ward, Hanoi City

Investment properties held to earn rentals are stated at cost less accumulated depreciation. The costs of purchased investment properties comprise their purchase prices and any directly attributable expenditures, such as professional fees for legal services, property transfer taxes and other related transaction costs. The costs of self-constructed investment properties are the finally accounted construction or directly attributable costs of the properties.

Investment property held to earn rentals is depreciated using the straight-line basis over its estimated useful lives as follows:

	Years
Building, structures	35 - 45
Others	04 - 05

Construction in progress

Properties in the course of construction for production, rental or administrative purposes, or for other purposes, are carried at cost. Cost includes costs that are necessary to form the assets in accordance with the Company's accounting policy. Depreciation of these assets, on the same basis as other assets, commences when the assets are ready for their intended use.

Prepayments

Prepayments are expenses which have already been paid but relate to results of operations of multiple accounting periods, including subsidy for interest expense of customers and other prepayments.

Subsidy for interest expense of customers incurred before the handover of real estates to customers are expected to provide future economic benefits to the Company and are allocated to the income statement in accordance with real estate revenue upon handover to customers.

The accompanying notes are an integral part of these separate financial statements

Other types of prepayments comprise costs of small tools, supplies and spare parts issued for consumption. These expenditures have been capitalised as prepayments and are allocated to the income statement using the straight-line method in accordance with the current prevailing accounting regulations.

Payable provisions

Payable provisions are recognised when the Company has a present obligation as a result of a past event, and it is probable that the Company will be required to settle that obligation. Provisions are measured at the Executive Board's best estimate of the expenditure required to settle the obligation as at the balance sheet date.

Revenue recognition

Revenue from sales of real estate

Revenue from the sale of real estate which the Company is the investor is recognised when all five (5) following conditions are satisfied:

- (a) the real estate has been completed and transferred to the buyer, the Company has transferred to the buyer the significant risks and rewards of ownership of the real estate;
- (b) the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the real estate sold;
- (c) the amount of revenue can be measured reliably;
- (d) the economic benefits associated with the transaction flowed or will flow to the Company; and
- (e) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

For the real estate that the Company is an investor; customers have the right to complete the interior of the property and the Company shall complete the interior of the property in accordance with design, and requirements of customers, the Company recognises revenue when the main construction work is completed, handed over to customers if all five (5) similar conditions as above are satisfied.

Revenue from services rendered

Revenue of a transaction involving the rendering of services is recognised when the outcome of such transactions can be measured reliably. Where a transaction involving the rendering of services is attributable to several years, revenue is recognised in each year by reference to the percentage of completion of the transaction at the balance sheet date of that year. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the transaction will flow to the Company;
- (c) the percentage of completion of the transaction at the balance sheet date can be measured reliably; and
- (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Gain from investments and interest income

Income from investments is recognized when the Company has the right to receive the interest.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the applicable interest rate.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognised on significant differences between carrying amounts of assets and liabilities in the separate financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using balance sheet liability method. Deferred tax liabilities are generally recognised for all temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilised.

As at 30 June 2026, the Company has tax losses which can be carried forward to be offset against taxable profit for the subsequent years, up to 5 years. No deferred tax assets have been recognized for this tax loss due to uncertainty of future profit.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same tax authority and the Company intends to settle its current tax assets and liabilities on a net basis.

The determination of the tax currently payable is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

The accompanying notes are an integral part of these separate financial statements

(i) As at 30 June 2026, payables for Sunshine Center building maintenance fund include:

- The maintenance funds are collected from the buyers of handed over apartments of the Sunshine Center Project. Maintenance cost is determined at the rate of 2% of the selling price excluding value added tax.
- Interest received when opening a bank account to track the maintenance fund that the Company has collected from customers buying apartments under Sunshine Center Project.
- The maintenance fee for the area the Company retains and uses, needs to be transferred to the Management Board of the apartment building under the Sunshine Center Project. This maintenance fund is determined by 2% of the rental area value calculated according to the selling price of the highest priced apartment under the Sunshine Center Project at the time of putting into use.
These amounts will be transferred to the Building Management Boards after these Boards are established.

21. BUSINESS AND GEOGRAPHY SEGMENT

The Company's main business is real estate business. During the year, the Company had no other material business activities. The financial information presented on the balance sheet as at 31 December 2025 and the revenue and expenses presented on the income statement for the year ended 31 December 2025 only relates to real estate business. Accordingly, the Company does not make segment reports by business field.

The Company has no other business activities outside of Vietnam for the current and prior year; therefore, the Company does not prepare a business segment report by geographical area.
