## REPORT OF MANAGEMENT

Management of Van Phu Real Estate Development Joint Stock Company ("the Company") is pleased to present this report and the interim separate financial statements of the Company for the six-month period ended 30 June 2025.

### MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE INTERIM SEPARATE FINANCIAL STATEMENTS

Management is responsible for the interim separate financial statements of each financial period which give a true and fair view of the interim separate financial position of the Company, and of the interim separate results of its operations and its interim separate cash flows for the period. In preparing those interim separate financial statements, management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgements and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the interim separate financial statements; and
- ▶ prepare the interim separate financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue its business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim separate financial position of the Company and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying interim separate financial statements.

### STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying interim separate financial statements give a true and fair view of the interim separate financial position of the Company as at 30 June 2025 and of the interim separate results of its operations and its interim separate cash flows for the six-month period then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of interim separate financial statements.

The Company has subsidiaries as disclosed in the interim separate financial statements. The Company has prepared these interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, and the relevant legal regulations on the preparation and presentation of interim separate financial statements. In addition, the Company has also prepared the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2025 in accordance with the above prevailing regulations on the preparation and presentation of interim consolidated financial statements.

Users of the interim separate financial statements should read them together with the said interim consolidated financial statements in order to obtain full information on the interim consolidated financial position, interim consolidated results of operations and interim consolidated cash flows of the Company and its subsidiaries.

## REPORT ON REVIEW OF INTERIM SEPARATE FINANCIAL STATEMENTS

**To: The shareholders of Van Phu Real Estate Development Joint Stock Company**

We have reviewed the accompanying interim separate financial statements of Van Phu Real Estate Development Joint Stock Company ("the Company") (previously known as Van Phu – Invest Investment Joint Stock Company), as prepared on 29 August 2025 and set out on pages 6 to 66, which comprise the interim separate balance sheet as at 30 June 2025, the interim separate income statement and the interim separate cash flow statement for the six-month period then ended and the notes thereto.

### ***Management's responsibility***

The Company's management is responsible for the preparation and presentation of the interim separate financial statements that give a true and fair view in accordance with the Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements, and for such internal control as management determines is necessary to enable the preparation and presentation of the interim separate financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' responsibility***

Our responsibility is to express a conclusion on the interim separate financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim separate financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

THA

Shape the future  
with confidence

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not give a true and fair view, in all material respects, of the interim separate financial position of the Company as at 30 June 2025, and of the interim separate results of its operations and its interim separate cash flows for the six-month period then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim separate financial statements.

**1. CORPORATE INFORMATION**

Van Phu Real Estate Development Joint Stock Company ("the Company") (previously known as Van Phu – Invest Investment Joint Stock Company) is a joint stock company which was established in accordance with the first Business Registration Certificate No. 0102702590 dated 12 March 2008. The Company also received its subsequent amended Enterprise Registration Certificates, with the latest being the 28<sup>th</sup> amendment being granted by Hanoi Department of Finance (formerly Hanoi Department of Planning and Investment) on 9 June 2025.

The current principal activities of the Company are investment consulting, construction, real estate development and providing accommodation services.

The Company's head office is located at No. 104 Thai Thinh Street, Dong Da Ward, Hanoi, Vietnam.

The Company's normal course of business cycle of real estate business starts at the time of application for investment certificate, commencement of site clearance and construction and ends at the time of completion. Thus, the Company's normal course of business cycle of real estate business is from 12 to 36 months.

The Company's normal course of business cycle for other business activities is 12 months.

The total number of the Company's employees as at 30 June 2025 is 291 (31 December 2024: 246).

***Seasonality of interim separated operations***

Due to the inherent characteristics of the real estate industry, revenue from property transfers is dependent on the completion status of real estate projects and prevailing market conditions at the time of sale. On the other hand, rental income is expected to remain stable throughout the year, unless the Company launches new investment properties into the market.

Due to the seasonal nature of the hospitality and tourism industry, revenue from this segment is expected to fluctuate in accordance with the tourism seasonality in Vietnam.

11	Van Phu Homes Joint Stock Company (***)	70%	70%	No. 104 Thai Thinh Street, Dong Da Ward, Hanoi	Real estate consulting, brokerage and auction

(\*) The equity interest is different from the voting rights because the Company controls these subsidiaries indirectly through other subsidiaries.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended**1. CORPORATE INFORMATION (continued)*****Corporate structure (continued)***

(\*\*) As at 30 June 2025, the Company has commitment to contribute capitals to this subsidiary with a value of VND 3.63 billion.

(\*\*\*) As at 30 June 2025, the Company has commitment to contribute capitals to this subsidiary with a value of VND 14 billion.

In addition, the company has associates and joint ventures as disclosed in *Note 18.2*.

**2. BASIS OF PREPARATION****2.1 *Purpose of preparing the interim separate financial statements***

The Company has subsidiaries as disclosed in Note 1 and Note 18.1. The Company prepared these interim separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, and the statutory requirements relevant to the preparation and presentation of interim separate financial statements. In addition, the Company has also prepared the interim consolidated financial statements of the Company and its subsidiaries for the six-month period ended 30 June 2025 dated 29 August 2025 in accordance with the above prevailing regulations on the preparation and presentation of interim consolidated financial statements.

Users of the interim separate financial statements should read them together with the said interim consolidated financial statements in order to obtain full information on the interim consolidated financial position, interim consolidated results of operations and interim consolidated cash flows of the Company and its subsidiaries.

**2.2 *Accounting standards and system***

The interim separate financial statements of the Company, which are expressed in Vietnam dong ("VND"), are prepared in accordance with the Vietnamese Enterprise Accounting System and Vietnamese Accounting Standard No. 27 - Interim Financial Reporting and other Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying interim separate financial statements, including their utilization are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the interim separate financial position, interim separate results of operations and interim separate cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**2. BASIS OF PREPARATION (continued)**

**2.3 Applied accounting documentation system**

The Company's applied accounting documentation system is General Journal.

**2.4 Fiscal year**

The Company's fiscal year applicable for the preparation of its financial statements starts on 1 January and ends on 31 December.

**2.5 Accounting currency**

The interim separate financial statements are prepared in VND which is also the Company's accounting currency.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**3.1 Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, high-liquid investments with an original maturity of not more than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

**3.2 Inventories**

Inventories are measured at their historical costs. The cost of inventories comprises costs of purchase, costs of conversion (including raw materials, direct labor cost, other directly related cost, manufacturing general overheads allocated based on the normal operating capacity) incurred in bringing the inventories to their present location and condition.

In case the net realizable value is lower than the original price, it must be calculated according to the net realizable value.

Net realizable value ("NRV") represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

The perpetual method is used to record inventories, which are valued as follows:

Raw materials, consumables, tools and spare parts - cost of purchase on a weighted average basis.

Finished goods and work-in process - cost of finished goods, semi products on a weighted average basis.

*Inventory property*

Property acquired or being constructed for sale in the ordinary course of business, rather than to be held for rental or capital appreciation, is held as inventory property and is measured at the lower of cost and net realisable value.

Cost of inventory property comprise:

- ▶ Purchase cost, freehold and leasehold rights for land;
- ▶ Amounts paid to contractors for construction; and
- ▶ Borrowing costs, planning and design costs, costs of site preparation, professional fees for legal services, property transfer taxes, construction overheads and other related costs.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.2 Inventories (continued)**

Net realizable value is the estimated selling price in the ordinary course of the business, based on market price (discounted for the time value of money if significant) at the balance sheet date, and less cost to complete and the estimated selling price.

The cost of inventory property recognized in the interim separate income statement based on specific identification method.

*Provision for obsolete inventories*

An inventory provision is made for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of raw materials, finished goods, and other inventories owned by the Company, based on appropriate evidence of impairment available at the balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the interim separate income statement. When inventories are expired, obsolescence, damage or become useless, the difference between the provision previously made and the historical cost of inventories are included in the interim separate income statement.

**3.3 Receivables**

Receivables are presented in the interim separate financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the interim separate income statement. When bad debts are determined as unrecoverable and accountant writes off those bad debts, the differences between the provision for doubtful receivables previously made and historical cost of receivables are included in the interim separate income statement.

**3.4 Tangible fixed assets**

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises of its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the interim separate income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim separate income statement.

*Provision for site restoration costs*

The Company records a provision for site restoration costs in relation to the land on which the Company's buildings and structures are located. This cost is recorded in the original cost of the building and structures and will be depreciated over the lease term of the land plot on which the factory is located.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.5 Leased assets**

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

*Where the Company is the lessee*

Assets held under finance leases are capitalised in the interim separate balance sheet at the inception of the lease at the fair value of the leased assets or, if lower, at the net present value of the minimum lease payments. The principal amount included in future lease payments under finance leases are recorded as a liability. The interest amounts included in lease payments are charged to the interim separate income statement over the lease term to achieve a constant rate on interest on the remaining balance of the finance lease liability.

Rentals under operating leases are charged to the interim separate income statement on a straight-line basis over the lease term.

*Where the Company is the lessor*

Assets subject to operating leases are included as the Company's tangible fixed assets in the interim separate balance sheet. Initial direct costs incurred in negotiating an operating lease are recognized in the interim separate income statement as incurred.

Lease income is recognized in the interim separate income statement on a straight-line basis over the lease term.

**3.6 Intangible fixed assets**

Intangible fixed assets are stated at cost less accumulated amortization.

The cost of an intangible fixed asset comprises of its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the interim separate income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim separate income statement.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.7 Depreciation and amortisation**

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Building and structures	41 - 46 years
Machinery and equipment	3 - 13 years
Means of transportation	6 years
Office equipment	3 - 6 years
Computer software	3 - 8 years
Others	5 - 13 years

No amortisation is required for infinite land use right.

**3.8 Investment properties**

Investment properties are stated at cost including transaction costs less accumulated depreciation and amortisation. Investment properties held for capital appreciation are not depreciated/amortised but subject to impairment review.

Subsequent expenditure relating to an investment property that has already been recognised is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company.

Depreciation and amortisation of investment properties are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings, structures	36 years
Machinery and equipment	15 years

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the separate interim income statement in the period of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.9 Construction in progress**

Construction in progress represents the costs of acquiring new assets that have not yet been fully installed or the costs of construction that have not yet been fully completed. Construction in progress is stated at cost, which includes all necessary costs to construct, repair, renovate, expand, or re-equip the projects with technologies, such as construction costs, tools and equipment costs, project management costs, construction consulting costs, and borrowing costs that are eligible for capitalization.

Construction in progress will be transferred to the appropriate fixed asset account when these assets are fully installed or the construction project is fully completed, and depreciation of these assets will commence when they are ready for their intended use.

Construction costs are recognized as expenses when such costs do not meet the conditions to be recognized as fixed assets.

**3.10 Borrowing cost**

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

Borrowing costs are recorded as expense during the period in which they are incurred, except to the extent that they are capitalised as explained in the following paragraph.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily take a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

**3.11 Prepaid expenses**

Prepaid expenses are reported as short-term or long-term prepaid expenses on the interim separate balance sheet and amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

The following costs are recognised as long-term prepaid expenses and amortised to the separate interim statement of profit or loss.

- ▶ Prepayments for infrastructure leases;
- ▶ Incorporation costs; training and advertising costs incurred in the pre-operating stage (amortised over a period not exceeding three years);
- ▶ Prepaid insurance premiums;
- ▶ Relocation costs;
- ▶ Tools and instruments of significant value placed into service for multi-year use;
- ▶ One-off major repair costs of fixed assets;
- ▶ Goodwill arising from a business combination that does not result in a parent–subsidiary relationship (excluding goodwill arising from business combinations under common control).
- ▶ v.v.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 3.12 Investments

##### *Investments in subsidiaries*

Investments in subsidiaries over which the Company has control are carried at cost.

Distributions from accumulated net profits of the subsidiaries arising subsequent to the date of acquisition are recognised in the interim separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

##### *Investments in associates*

Investments in associates over which the Company has significant influence are carried at cost.

Distributions from accumulated net profits of the associates arising subsequent to the date of acquisition are recognised in the interim separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

##### *Investments in joint ventures*

Investments in joint ventures over which the Company has joint control are carried at cost.

Distributions from accumulated net profits of the joint ventures arising subsequent to the date of acquisition are recognised in the interim separate income statement. Distributions from sources other than from such profits are considered a recovery of investment and are deducted to the cost of the investment.

##### *Provision for investments*

Provision of the investment is made when there are reliable evidences of the diminution in value of those investments at the balance sheet date. Increases and decreases to the provision balance are recorded as finance expenses in the interim separate income statement.

Increase or decrease in the reserve balance shall be accounted into financial expenses in the report of the results of separate business activities in the middle of the year.

##### *Held-to-maturity investments*

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as finance expense in the interim separate income statement and deducted against the value of such investments.

#### 3.13 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Company.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.14 Provisions***General*

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the separate interim income statement net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance expense.

*Provisions of warranty costs*

Warranty provisions for products, goods, services, and construction projects are provisions for costs related to products, goods, services, and construction projects that have been sold, provided, or delivered to buyers but are still within the warranty period, and the Company is still obligated to continue repairs and completions according to the contracts or commitments with customers.

Warranty provisions for construction project are made for each construction project or project item that has been completed and handed over during the period. The warranty provision for construction project is recognised as part of overhead expenses. In cases where the warranty provision for construction project exceeds the actual costs incurred, the difference is reversed and recognised as other income.

Warranty provisions for product and goods are recognised as selling expenses. In cases where warranty provisions are reversed, they are recorded as a reduction in selling expenses.

The warranty provisions are established based on estimates derived from historical statistical warranty data associated with similar products, goods, services, and construction projects.

**3.15 Bonds issued***Straight bonds*

At initial recognition, straight bonds are measured at cost which comprises proceed from issuance net of issuance costs. Any discount, premium or issuance costs are amortized on a straight-line basis over the term of the bond.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.16 Contributed capital**

***Ordinary shares***

Ordinary shares are recognised at issuance price less incremental costs directly attributable to the issue of shares, net of tax effects. Such costs are recognised as a deduction from share premium.

***Share premium***

Share premium is the difference between the par value and the issuance price of the shares, minus the actual expenses incurred for the issuance of the shares.

**3.17 Appropriation of net profits**

Net profit after tax is available for appropriation to shareholders after approval by the Annual General Meeting, and after making appropriation to reserve funds in accordance with the Charter of the Company and Vietnam's regulatory requirements.

The Company maintains the following reserve funds which are appropriated from the Company's net profit as proposed by the Board of Directors and subject to approval by shareholders at the Annual General Meeting.

***Investment and development fund***

This fund is set aside for use in the Company's expansion of its operation or of in-depth investment or to cover financial loss in the future.

***Bonus and welfare fund***

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the interim separate balance sheet.

***Other fund***

Other funds are appropriated by the Company in accordance with resolutions passed by the General Meeting of Shareholders and are approved for use in supporting the Company's development objectives, including allocations designated for science research and technology development activities.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.18 Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

*Revenue from sale of inventory property*

Revenue from sale of inventory property is recognised when the significant risks and rewards incident to ownership of the properties have been transferred to the buyer.

*Rental income*

Rental income arising from operating leases is recognised in interim separate income statement on a straight-line basis over the terms of the lease.

*Rendering of services*

Where the contract outcome can be reliably measured, revenue is recognised by reference to the stage of completion, usually coinciding with the time of service being provided to the buyer.

Where the contract outcome cannot be reliably measured, revenue is recognised only to the extent of the expenses recognised which are recoverable.

*Interest income*

Interest is recognized on an accrual basis based on the time and actual interest rate for each period.

*Dividends and profit distribution income*

Dividend and profit distribution income are recognized when Company is entitled to receive dividends and profits from its capital contributions.

*Income from investment transfer*

The difference between the selling price and carrying amount of the investment is recognized in the interim separate income statement.

**3.19 Taxation**

*Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the interim separate balance sheet date.

Current income tax is charged or credited to the interim separate income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company to set off current tax assets against current tax liabilities and when the Company intends to settle its current tax assets and liabilities on a net basis.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.19 Taxation (continued)**

*Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the interim separate balance sheet date between the tax base of assets and liabilities and their carrying amount in interim separate financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss; and
- ▶ in respect of taxable temporarily differences associated with investments in subsidiaries and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except:

- ▶ where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss; and
- ▶ in respect of deductible temporarily differences associated with investments in subsidiaries, associates, and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each interim separate balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each interim separate balance date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset realised or the liability is settled based on tax rates and tax laws that have been enacted at the interim separate balance sheet date.

Deferred tax is charged or credited to the interim separate income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Company intends either to settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

### **3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### **3.20 Segment information**

A segment is a component determined separately by the Company which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

The Company's principal activity is mainly performed within Vietnam. Therefore, the Company's risks and returns are not impacted by the Company's services which the Company is rendering or the locations where the Company is operating. As a result, the Company's management is of the view that there is only one segment for geography.

Business activities are organized and managed separately according to the nature of products and services provided, and consist of the following two business segments:

- ▶ Real estate business;
- ▶ Trading in accommodation services; and
- ▶ Other activities.

The Company's segment information is disclosed in Note 34.

#### **3.21 Related parties**

Parties are considered to be related parties of the Company if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and other party are under common control or under common significant influence. Related parties can be enterprise or individual, including close members of their families.

### **4. SIGNIFICANT EVENTS**

#### **4.1 Disposal of Phong Phu Investment Joint Stock Company and Ha Phu Riverland Investment Joint Stock Company**

On 15 January 2025, the Company has completed the transfer of all contributed capital in Phong Phu Invest Joint Stock Company and Ha Phu Riverland Investment Joint Stock Company, associate companies, with the transfer price of VND 225 billion and VND 108 billion respectively. Accordingly, Phong Phu Invest Joint Stock Company and Ha Phu Riverland Investment Joint Stock Company are no longer associates of the Company since this date.

#### **4.2 Acquisition of New Tech Investment Construction Corporation**

On 28 March 2025, the Company completed the acquisition of 46,728,000 shares, representing a 99% ownership interest in New Tech Investment Construction Corporation ("New Tech Company"), at a total consideration of VND 495 billion. Accordingly, New Tech Company officially became a subsidiary of the Company since this date.

As at 30 June 2025	<u>310,277,146,082</u>

The investment properties included the commercial and service basements, parking areas, commercial and service floors, a swimming pool and kindergarten of the The Terra An Hung project which are owned by the Company. In investment properties, the net carrying amount of the basement of The Terra An Hung Project is VND 120.6 billion (original cost is VND 135.9 billion, accumulated depreciation is VND 15.3 billion) corresponding to the basement area of 10,236.60 m<sup>2</sup> which is owned by the Company. The Company did not include the construction cost of this basement into the cost of apartments in the Project.

As at 30 June 2025, the fair values of these investment properties have not been determined due to insufficient information for reliably evaluating the fair values.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

## 16. CAPITALISED BORROWING COSTS

During the period, the Company capitalised borrowing costs with the amount of VND 29.2 billion (for the six-month period ended 30 June 2024: VND 70.6 billion). These costs are mainly related to general and specific borrowings obtained to finance the real estate projects of the Company.

The capitalised borrowing costs in relation to general borrowings are determined by applying a capitalisation rate of 11% (for the six-month period end 30 June 2024: 10%) on the accumulated weighted average expenditure on the development of real estate projects. The capitalisation rate used is the weighted average of the borrowings of the Company that are outstanding during this period.

### 32. CORPORATE INCOME TAX

The current statutory corporate income tax ("CIT") rate applicable to the Company and its subsidiaries and its subsidiaries is 20%.

The tax returns filed by the Company is subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the interim separate financial statements could be changed at a later date upon final determination by the tax authorities.

#### 32.1 CIT expenses

	Currency: VND

<b>CIT expenses</b>	<b>20,070,103,731</b>	<b>8,548,087,576</b>

#### 32.2 Current tax

The current tax payable is based on taxable income for the current period. The taxable income of the Company for the period differs from the profit as reported in the interim separate income statement because it excludes items of income or expense that are taxable or deductible in other periods and it further excludes items that are not taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted by the interim balance sheet date.

During the period, the Company's transactions with related parties relating to sale/purchase of goods and services, lending and borrowing are based on contractual terms.

Except for lending and borrowing, outstanding balances of receivables and payables as at 30 June 2025 are unsecured, interest free and will be settled in cash. For the six-month period ended 30 June 2025, the Company has not made any provision for doubtful debts relating to amounts owned by related parties (31 December 2024: nil). This assessment is undertaken each period through the examination of the financial position of the related parties and the market in which the related parties operate.

Amount due to and due from related parties were as follows:

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended

### 34. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the Company's risks and rates of return are affected predominantly by differences in the products and services produced. The operating businesses are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

- ▶ Segment of development and sales of real estate products.
- ▶ Segment of accommodation services and other related services.
- ▶ Segment of other business activities (management services, brand management,...).

Transfer prices between business segments are set on an arm's length basis in a manner similar to transactions with third parties. Segment revenue, segment expense and segment result include transfers between business segments. Those transfers are eliminated in preparation of the interim financial statements.

NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS (continued)  
as at 30 June 2025 and for the six-month period then ended
