Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance guiding information disclosure on the securities market, promulgating the Information Disclosure Regulation of the Hanoi Stock Exchange, Nam Song Hau Trading Investing Petroleum Joint Stock Company (Stock code: PSH) hereby provides an explanation regarding the business loss and the over-10% difference in after-tax profit compared to the same period of Quarter 2, 2025, as follows:

Unit: VND

Items	Figures in the Financial Statements/Income statement for Q2/2026	Figures in the Financial Statements/Income statement for Q2/2025	Difference
	1	2	3=1-2
1. Profit after tax			
- Consolidate Financial Statements	-300,610,732,599	-158,347,375,019	142,263,357,580

According to the consolidated financial statements, the profit after tax for the second quarter of 2026 was (158.347) billion VND. This was primarily due to an increase in financial expenses, resulting in higher operating costs compared to the same period in the second quarter of 2025.

The above explanation pertains to the changes in profit after tax for Q2/2026 compared to the same period in the previous year (Q2/2025) as reported in the Consolidate Financial Statements of Nam Song Hau Trading Investing Petroleum Joint Stock Company.

Best regards./.
