

Number: 18/2026/CV - CVN

*Regarding the explanation of the stock price
The price hit the ceiling limit for 5 consecutive
sessions.*

Hanoi, July 2nd 2026

Dear - State Securities Commission;
- Hanoi Stock Exchange.

Vinam Joint Stock Company (Stock code: CVN) would like to extend its respectful greetings to the esteemed Committee and Department!

From June 26, 2026 to July 2, 2026, CVN shares hit the ceiling price for five consecutive trading sessions. The company would like to explain as follows:

During the aforementioned period, the Company did not experience any unusual events that required disclosure but were not disclosed. In the Company's opinion, the positive performance of CVN's share price recently may stem from the following factors:

Firstly, CVN shares have been removed from the restricted trading list by the Hanoi Stock Exchange since June 26, 2026, according to Decision No. 799/QD-SGDHN dated June 22, 2026. This removal from the restricted trading list has helped to strengthen investor confidence in CVN shares.

Secondly, the company has completely rectified its previous information disclosure violations and fully complied with all information disclosure obligations as stipulated by securities law. This is a positive sign, demonstrating the company's efforts to enhance transparency and compliance with regulations for public companies.

Thirdly, the Company noted positive signals from its business operations in Q2/2026, particularly from its clinic system and testing network. The Company believes these results have a positive impact on investor expectations regarding the Company's future business prospects.

Apart from the above information, the Company does not have any other internal information or unusual events that could affect the CVN share price that have not been disclosed as required. The Company commits that the above information is truthful and objective and assumes full legal responsibility for the content of this explanation.

Best regards.
