- (4) On August 8, 2023, the Board of Managements of PetroVietnam Machinery Technology Joint Stock Company issued Decision No. 0085/QD/MTB-HDQT on capital contribution to establish MACHINO Phu Xuan Company Limited and representative managing capital contribution in this Company. The charter capital of MACHINO Phu Xuan Company Limited is VND 136,000,000,000, the actual contributed capital of the parties as of March 31, 2025 is VND 136,000,000,000.

2 . ACCOUNTING SYSTEM AND ACCOUNTING POLICY

2.1 . Accounting period and accounting currency

Annual accounting period commences from 1st January and ends as at 31st December.

The Company maintains its accounting records in VND.

2.2 . Standards and Applicable Accounting Policies

Applicable Accounting Policies

The Company applies Corporate Accounting System issued under the Circular No. 200/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance, the Circular No. 53/2016/TT-BTC dated 21 March 2016 issued by Ministry of Finance amending and supplementing some articles of the Circular No. 200/2014/TT-BTC and the Circular No. 202/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance guiding the preparation and presentation of Consolidated Financial Statements.

Declaration of compliance with Accounting Standards and Accounting System

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

2.3 . Basis for preparation of consolidated financial statements

Consolidated Financial Statements are prepared based on consolidating Separate Financial Statements of the Company and Financial Statements of its subsidiaries under its control prepared for the accounting period from January 1, 2024 to March 31, 2025. Control right is achieved when the company has power to govern the financial and operating policies of invested companies to obtain benefits from their activities.

Consistent accounting policies are applied in Financial Statements of subsidiaries and the Company. If necessary, adjustments are made to the Financial Statements of subsidiaries to ensure the consistency of application of accounting policies among the Company and its subsidiaries.

Balance, main incomes and expenses, including unrealized profits from intra-group transactions are eliminated in full from Consolidated financial statements.

Non - controlling interests

Non - controlling interests represents the portion of profit or loss and net assets of subsidiaries not held by the Company.

2.4 . Accounting estimates

The preparation of the separate financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and legal regulations related to the preparation and presentation of the separate financial statements requires the Board of Directors to make estimates and assumptions that affect the figures of liabilities, assets and the presentation of contingent liabilities and assets at the end of the fiscal year as well as the figures of revenues and expenses during the fical year.

The estimates and assumptions that have a material effect on the separate financial statements include:

- Provision for bad receivables;
- Provision for devaluation of inventories;
- Estimate useful life of fixed assets;
- Estimate prepaid expenses
- Classification and provision for financial investments;
- Estimate percentage of completion of revenue;
- Estimate corporate income tax.

Estimates and assumptions are regularly evaluated based on past experience and other factors, including future assumptions that have a material impact on the Company's separate financial statements and are considered reasonable by the Company's Board of Directors.

2.5 . Financial Instruments

Initial recognition

Financial assets

Financial assets of the Company include cash, cash equivalents, trade receivables, other receivables, lending loans, long-term and short-term investments. At initial recognition, financial assets are identified by purchasing price/issuing cost plus other expenses directly related to the purchase and issuance of those assets.

Financial liabilities

Financial liabilities of the Company include borrowings, trade payables, other payables and accrued expenses. At initial recognition, financial liabilities are determined by issuing price plus other expenses directly related to the issuance of those liabilities.

Subsequent measurement after initial recognition

Financial assets and financial liabilities have not been measured at fair value at the end of the financial year as required by Circular No. 210/2009/TT-BTC and other applicable regulations to present financial statements. disclosures and disclosures for financial instruments, but does not provide equivalent guidance for the assessment and recognition of fair values of financial assets and financial liabilities.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

2.6 . Foreign currency transactions

The foreign currency transactions during the year are translated into Vietnam Dong using the real exchange rate ruling at the transaction date. Real exchange rates are determined under the following principles:

Real exchange rate when revaluating monetary items denominated in foreign currencies at the reporting date of Consolidated Financial Statements is determined under the following principles:

- For asset accounts, applying the bid rate of the commercial bank where the Company regularly conducts transaction;
 - For foreign currency deposited in bank, applying the bid rate of the bank where the Company opens its foreign currency accounts;
- For liability accounts, applying the offer rate of the commercial bank where the Company regularly conducts transaction.

All exchange differences arising from foreign currency transactions in the year and from revaluation of remaining foreign currency monetary items at the end of the year are recorded immediately to operating results of the accounting year.

2.7 . Cash and cash equivalents

Cash comprises cash on hand, demand deposits.

Cash equivalents are short-term investments with the maturity of not over than 3 months from the date of investment, that are highly liquid and readily convertible into known amount of cash and that are subject to an insignificant risk of conversion into cash.

2.8 . Financial investments

Trading securities are initially recognized at original cost which includes purchase prices plus any directly attributable transaction costs such as brokerage, transaction fee, cost of information provision, taxes, bank's fees and charges. After initial recognition, trading securities are measured at original cost less provision for diminution in value of trading securities. Upon the liquidation or transfer, cost of trading securities is determined using first in first out method or weighted average method.

Investments held to maturity comprise term deposits (including treasury bills and promissory notes), bonds, preference shares which the issuer is required to repurchase at a certain time in the future and loans, etc. held to maturity to earn profits periodically and other held to maturity investments.

Investments in subsidiaries, joint ventures and associates: During the year, the buyer determines the date of purchase and the cost of investments and implements accounting procedures in accordance with the Accounting Standards on "Business combination" and "Investments in joint ventures and associates".

In the Consolidated Financial Statements, investments in joint ventures and associates are accounted for using equity method. Under this method, the investments are initially recorgnised at cost and adjusted thereafter for the post acquisition change in the Group's share in net assets of the associate after acquisition date. Goodwill incurred from the investment in the associates is reflected in the carrying amount of the investment in the associate. The Group will not allocate such goodwill but assess annually to determine whether the goodwill is under impaired loss or not.

For the adjustment of the value of investments in joint ventures and associates from the date of investment to the beginning of the reporting period, the Company shall perform the following:

- For the adjustment to the income statement of the previous periods, the Company makes an adjustment to the undistributed profit after tax according to the adjusted net accumulated amount up to the beginning of the reporting period.
- For the adjustment due to the difference in revaluation of assets and the difference in foreign exchange rates, recorded in the balance sheet of the previous periods, the Company determines the adjustment to the corresponding items on the balance sheet net accrual adjusted accounting.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

For the adjustment of the value of investments in joint ventures and associates arising in the year, the Company shall exclude the preferred dividends of other shareholders (if preferred shares are classified as Owner's capital); expected number of deductions for bonus and welfare funds of joint ventures and associates; share of profits related to transactions of joint ventures, associates contributing capital or selling assets to the Company before determining the Company's share in the profit or loss of the joint venture or associated company during the reporting period. The Company then adjusts the value of the investment in proportion to its share in profits and losses of joint ventures and associates and immediately recognizes it in the Consolidated Statement of Comprehensive Income.

Financial Statements of associates are prepared in the same period with the Group's consolidated financial statements and use the consistent accounting policies with the Group's policies. Adjustment shall be made if necessary to ensure the consistence with the Group's accounting policies.

Investments in equity of other entities comprise investments in equity instruments of other entities without having control, joint control, or significant influence on the investee. These investments are initially stated at original cost. After initial recognition, these investments are measured at original cost less provision for devaluation of investments.

Provision for devaluation of investments is made at the end of the period as follows:

- With regard to investments in trading securities, the provision shall be made on the basis of the excess of original cost of the investments recorded in the accounting book over their market value at the provision date.
- With regard to investments held long-term (other than trading securities) without significant influence on the investee: If the investment is made in listed shares or the fair value of the investment is determined reliably, the provisions shall be made on the basis of the market value of the shares; if the fair value of the investment is not determined at the reporting date, the provision shall be made based on the Financial Statements at the provision date of the investee.
- With regard to investments held to maturity, the provision for doubtful debts shall be made based on the recovery capacity in accordance with statutory regulations.

2.9 . Receivables

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables are classified as short-term and long-term in the Consolidated Financial Statements based on the remaining maturity of the receivables at the end of accounting period.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing.

2.10 . Inventories

Inventories are initially recognized at original cost including purchase price, processing cost and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

Net realizable value is estimated based on the selling price of the inventory less the estimated costs of completion and estimated costs to make the sale.

The cost of inventory is calculated by weighted average method.

Inventory is recorded by perpetual method.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

Method for valuation of work in process at the end of the year: Work in progress is gathered for each unfinished work or revenue is not recognized, corresponding to the volume of work in progress at the end of the year.

Provision for devaluation of inventories made at the end of the year is based on the excess of original cost of inventory over their net realizable value.

2.11 . Fixed assets, Finance lease fixed assets

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets (tangible and intangible) are recorded at cost, accumulated depreciation and carrying amount.

Value after initial recognition

If these expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of a tangible fixed asset beyond its originally assessed standard of performance, the expenditures are capitalised as an additional cost of the tangible fixed asset.

Other expenditures incurred after the fixed asset has been put into operation, such as repairs, maintenance and overhaul costs, are recognised in the separate statement of income in the year in which the expenditures are incurred.

Fixed assets are depreciated (amortised) using the straight-line method over their estimated useful lives as follows:

-	Buildings, structures	05 - 30	years
-	Machine, equipment	05 - 10	years
_	Vehicles, Transportation equipment	06 - 10	years
-	Office equipment and furniture	03 - 05	years
-	Other fixed assets	03 - 05	years
-	Land use rights	20 - 50	years
-	Managerment software	03 - 05	years
			S

2.12 . Investment properties

Investment property is recognised at historical cost.

Investment properties held for operating lease are recorded at cost, accumulated depreciation and carrying amount. Investment properties are depreciated using the straight-line method with expected useful life as follows:

- Buildings	05 - 30	year
- Land use rights	05 - 30	year

An item of owner-occupied property or inventories only becomes an investment property when its use has changed, evidenced by commencement of stopping using that item and starting to operate leasing for the third party or completing the construction period. The investment property is transferred to owner-occupied property or inventories only where it undergoes a change in use, evidenced by commencement of starting using the assets by owner or development with a view to sale. The transferring from investment property to owner-occupied property or inventories will not change the original cost and carrying amount of asset as at the date of transfer.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

2.13 . Construction in progress

Construction in progress includes fixed assets which is being purchased and constructed as at the balance sheet date and is recognised in historical cost. This includes costs of construction, installation of equipment and other direct costs.

2.14 . Operating lease

Operating leases is fixed asset leasing in which a significant portion of the risks and rewards of ownership are retained by the lessor. Payments made under operating leases are charged to income statement on a straight-line basis over the period of the lease.

2.15 . Business Co-operation Contract (BCC)

Business Cooperation Contract (BCC) is a contractual agreement between two or more venturers with the objectives of cooperating to carry out specific business activities without constitution of a new legal entity. This operation may be jointly controlled by venturers under BCC or controlled by one of them.

According to the terms of BCC, profit and loss shall be shared among venturers according to the operating results of BCC. The venturer shall record its share of revenues, expenses and profits in accordance with BCC's agreement in their own Statement of Income.

2.16 . Prepaid expenses

The expenses incurred but related to operating results of several accounting periods are recorded as prepaid expenses and are allocated to the operating results in the following accounting periods.

The calculation and allocation of long-term prepaid expenses to operating expenses in each accounting period should be based on the nature of those expenses to select a reasonable allocation method and criteria.

Types of prepaid expenses of the Company include:

Prepaid land expenses include prepaid land rental, including those related to leased land for which the Company has received the land use right certificate but is not eligible to recognize intangible fixed assets under the Circular No. Circular No. 45/2013/TT-BTC issued by the Ministry of Finance on April 25, 2013 guiding the regime of management, use and depreciation of fixed assets and other arising costs related to the maintenance of fixed assets for the use of leased land. These costs are recognized in the Consolidated Statement of Income on a straight-line basis over the term of the lease.

Tools and instruments include assets held by the Company for use in the ordinary course of business, with cost of each asset less - than VND 30 million and therefore ineligible for recognition are fixed assets according to current regulations. The historical cost of tools and equipment is amortized on a straight-line basis over a period of 01 to 03 years.

The advantage value of the geographical location of leased land at 08 Trang Thi Street, Hang Trong Ward, Hoan Kiem District is - determined upon equitization. The Company plans to allocate the entire value of this geographical advantage before November 30, 2023 in accordance with the provisions of Decree No. 140/2020/ND-CP dated November 30, 2020 of the Government.

The cost of life insurance purchased for employees is allocated by the Company according to the duration of the insurance contract signed with the Insurance Company according to each employee level.

Other prepaid expenses recorded at historical cost and allocated using the straight-line method over their estimated useful lives from 01 to 03 years.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

2.17 . Payables

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company. The payables are classified as short-term and long-term in the Consolidated Financial Statements based on the remaining maturity of the receivables at the end of accounting period.

2.18 . Loans

Loans shall be recorded in details in terms of lending entities, loan agreement and repayment period of the loans. In case of loans denominated in foreign currency, they shall be recorded in details in terms of types of currency.

2.19 . Borrowing costs

Borrowing costs are recognized as operating expenses in the year, in which it is incurred excepting those which are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset in accordance with VAS No. 16 "Borrowing costs". Besides, regarding borrowings serving the construction of fixed assets and investment properties, the interests shall be capitalized even when the construction duration is under 12 months.

2.20 . Accrued expenses

Accrued expenses include payables to goods or services received from the suppliers or provided for the customers during the reporting period, but the payments for such goods or services have not been made and other payables such as interest expenses, etc. which are recorded as operating expenses of the reporting period.

The recording of accrued expenses as operating expenses during the year shall be carried out under the matching principle between revenues and expenses during the year. Accrued expenses are settled with actual expenses incurred. The difference between accrued and actual expenses is reverted.

2.21 . Unearned revenues

Unearned revenues include prepayments from customers for one or many fiscal years relating to asset leasing;

Unearned revenues are transferred to revenue from rendering of services with the amount corresponding to each fiscal years.

2.22 . Owner's equity

Owner's equity is stated at actually contributed capital of owners.

Retained earnings are used to present the Company's operating results (profit, loss) after corporate income tax and profit appropriation or loss handling of the Company.

Dividends to be paid to shareholders are recognised as a payable in Statement of Financial Position after the announcement of dividend payment from the Board of Management and announcement of cut-off date for dividend payment of Vietnam Securities Depository Center.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

2.23 . Revenue

Revenue is recognized when it is probable that the economic benefits will flow to the Company which can be reliably measured. Revenue is determined at the fair value of the amounts received or to be received after deducting trade discounts, sales returns. Revenue from sale of goods shall be recognized when all the following conditions have been satisfied:

Revenue from sale of goods

- The significant risks and rewards of ownership of the goods have been transferred to the buyer
- The Company no longer retains managerial involvement to the extent usually associated with ownership or control over the goods.

Revenue from rendering of services

- Determine the portion of work completed on the Balance Sheet date.

Financial income

Revenue arising from interest, royalties, dividends, distributed profits and other financial income is recognized when the following two (2) conditions are satisfied simultaneously:

- It is probable that the economic benefits associated with the transaction will flow to the entity;
- The amount of the revenue can be measured reliably.

Dividend income shall be recognised when the Company's right to receive dividend or profits from capital contribution is established.

2.24 . Cost of goods sold

The recognition of cost of goods sold is matched against the revenue in the period and complies with the prudence principle. Cases of loss of materials and goods exceeded the norm, abnormal expenses and losses of inventories after deducting the responsibility of collective and individuals concerned, etc. is recognized fully and promptly into cost of goods sold in the year.

2.25 . Financial expenses

Items recorded into financial expenses comprise:

- Expenses or losses relating to financial investment activities;
- Borrowing costs;
- Losses from the disposal and transfer of short-term securities, transaction cost of selling securities;
- Provision for diminution in value of trading securities price; provision for losses from investment in other entities, losses from sale of foreign currency, exchange loss, etc.

The above items are recorded by the total amount arising in the year without offsetting against financial income

2.26. Corporate income tax

a) Current corporate income tax expenses

Current corporate income tax expenses are determined based on taxable income during period, and current corporate income tax rate.

b) Current corporate income tax rate

The Company applies the corporate income tax rate of 20% for the operating activities which has taxable income for the fiscal year ended as at 31/03/2025.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam

Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

2.27 . Earnings per share

Basic earnings per share are calculated by dividing net profit or loss after tax for the year attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund and allowance for Board of Directors) by the weighted average number of ordinary shares outstanding during the year.

2.28 . Related Parties

The parties are regarded as related parties if that party has the ability to control or significantly influence the other party in making decisions about the financial policies and activities. The Company's related parties include:

- Companies, directly or indirectly through one or more intermediaries, having control over the Company or being under the control of the Company, or being under common control with the Company, including the Company's parent, subsidiaries and associates;
- Individuals, directly or indirectly, holding voting power of the Company that have a significant influence on the Company, key management personnel including directors and employees of the Company, the close family members of these individuals;
- Enterprises that the above-mentioned individuals directly or indirectly hold an important part of the voting power or have significant influence on these enterprises.

In considering the relationship of related parties to serve for the preparation and presentation of Consolidated Financial Statements, the Company should consider the nature of the relationship rather than the legal form of the relationship.

2.29 . Segment information

Beacause business activities of the Company during the year were mainly commercial activities and took place in the territory of Vietnam, the Company does not prepare segment reports by business segment and geographical segment.

⁽¹⁾ The advance is mainly for the Company's management to serve the implementation of business activities and the implementation of real estate investment projects.

⁽²⁾ Cooperation Contract No. 2812/2022/HDHT dated December 28, 2022 between the Company and Dong Do Trading Investment Joint Stock Company ("Dong Do") on joint cooperation to research and develop deploying and developing investment projects (real estate, industrial clusters, waste treatment...) in the northern provinces, in which the concentration is Thai Binh, Nam Dinh. According to this contract, the Company advanced to Dong Do to carry out the work as agreed with the amount of VND 16 billion. The contract is expected to be implemented within 12 months from the contract signing date. In case of extension of cooperation period, the parties will discuss and agree on contract appendices.

No. 08 Trang Thi, Hang Trong Ward, Hoan Kiem District, Ha Noi, Viet Nam Consolidated Financial Statements

For the period from 01 January 2025 to 31 March 2025

(3) Investment cooperation contract No. 561/2021/HDNT dated January 4, 2022 between Licogi 13 Joint Stock Company (Party A), the Company (Party B) and Tesla Investment Joint Stock Company (Party C) on investment cooperation in high quality ecological residential project Cam Phu - Cam Ranh City, Khanh Hoa;

Method of cooperation: The parties establish a Joint Venture to bid as the Investor of Cam Phu High Quality Eco-Residential Project in accordance with the provisions of law, according to which the contribution ratio of each party is as follows:

- Tesla Investment Joint Stock Company: 40% of the total cost;
- Licogi 13 Joint Stock Company: 30% of the total cost;
- The Company: 30% of the total cost.

Expenses until the Consortium receives the Decision of the actual Project Owner will be agreed and confirmed in writing by the parties and distributed to the members of the consortium according to the prescribed ratio.

The balance as of March 31, 2025 is an advance according to the contract progress for Tesla Investment Joint Stock Company.

- (4) Advance payment for the construction cost of Kien Thanh waste treatment plant in Bac Giang according to the cooperation contract No. 0710/2022/HDHT dated October 7, 2022 between Machino Thanh Dat Joint Stock Company Subsidiary (Party A) and Thanh Dat Trading Joint Stock Company (Party B) on the construction and completion of the waste treatment plant in Kien Thanh commune, Luc Ngan district, Bac Giang province. Accordingly, the two parties jointly contribute capital to build the waste treatment plant with the initial provisional capital of Party A and Party A being 30 billion and 20 billion VND respectively. The amount contributed by Party A shall be advanced to Party B for Party B to complete the construction of the plant construction as of March 31, 2025, is VND 8,610,356,848.
- (5) Pursuant to Investment Cooperation Agreement No. 88/2023/HÐHTÐT/APH-PVM dated August 11, 2023, entered into between An Phu Hung Investment and Trading Joint Stock Company (Party A) and the Company (Party B), the two parties agreed to contribute capital, assets, and other resources for the joint investment, management, operation, and exploitation of products within the Dinh Lap Industrial Cluster Project, located in Dinh Lap Commune, Dinh Lap District, Lang Son Province.

 On March 28, 2025, the Company executed Contract No. 2803/2025/HĐCN/PVM-Mê Kông with MÊKÔNG Development Joint

On March 28, 2025, the Company executed Contract No. 2803/2025/HĐCN/PVM-Mê Kông with MEKONG Development Joint Stock Company, whereby the Company transferred its entire investment cooperation interest under the aforementioned agreement. The transfer value was VND 39,420,000,000.

The Company's investment property is 23,600 m2 of land in Duc Noi village, Viet Hung commune, Dong Anh district, Hanoi. In which, the value of the land use right transferred from the partner since 2012 has a term of 20 years from December 7, 1996. From 2017, the Company continues to use this land area in the form of annual land lease payment.

The fair value of the investment property has not been formally assessed and determined as of March 31, 2025. However, based on the lease position and market value of these assets, the Board of General Director believes that the fair value of the investment property is greater than the carrying amount at the balance sheet date finance.
