## **2 .APPLICABLE ACCOUNTING STANDARDS AND REGIMES**

### **2.1 . Accounting period and accounting currency**

Annual accounting period commences from 1 January and ends as at 31 December.  
The Company maintains its accounting records in Viet Nam Dong (VND).

### **2.2 . Applicable Accounting Standards and Regimes**

#### *Applicable Accounting Policies*

The Company applies Vietnamese Corporate Accounting System, as promulgated under Circular 200/2014/TT-BTC dated 22 December 2014 and Circular No. 53/2016/TT-BTC dated 21 March 2016, which amends and supplements several articles of Circular 200/2014/TT0-BTC.

#### *Statement of compliance with Accounting Standards and Accounting System*

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

### **2.3 . Basis for preparation of Separate Financial Statements**

Separate Financial Statements are presented based on historical cost principle.

The Users of this Separate Financial Statements should study the Separate Financial Statements combined with the Consolidated Financial Statements of the Company and its subsidiaries (the "Group") for Quarter I 2025 and the three-month period ended 31 March 2025 in order to gain enough information regarding the financial position, operating results and cash flows of the Group.

### **2.4 . Financial Instruments**

#### *Initial recognition*

##### **Financial assets**

Financial assets of the Company include cash, cash equivalents, trade receivables, other receivables, lending loans, long-term and short-term investments. At initial recognition, financial assets are identified by purchasing price/issuing cost plus other expenses directly related to the purchase and issuance of those assets.

##### **Financial liabilities**

Financial liabilities of the Company include borrowings, trade payables, other payables and accrued expenses. At initial recognition, financial liabilities are determined by issuing price plus other expenses directly related to the issuance of those liabilities.

#### *Subsequent measurement after initial recognition*

Financial assets and financial liabilities have not been measured at fair value as of the end of the accounting period because Circular No. 210/2009/TT-BTC and current regulations require the presentation of financial statements and disclosures for financial instruments but do not provide equivalent guidance for the measurement and recognition of the fair value of financial assets and financial liabilities.

## **2.5 . Cash and cash equivalents**

Cash includes non-term and term bank deposits, and deposits on securities trading accounts.

Cash equivalents are short-term investments with a redemption period or maturity of no more than 3 months from the date of purchase, are easily convertible into a specified amount of cash, and carry minimal risk of value fluctuation upon conversion.

## **2.6 . Financial investments**

*Trading securities* are initially recognized at original cost which includes purchase prices plus any directly attributable transaction costs such as brokerage, transaction fee, cost of information provision, taxes, bank's fees and charges. After initial recognition, trading securities are measured at original cost less provision for impairment of trading securities. Upon the liquidation or transfer, cost of trading securities is determined using weighted average method.

*Held-to-maturity investments* include loans held to maturity to earn interests periodically and other held-to-maturity investments.

*Investments in subsidiaries, joint ventures or associates* are initially recognized at original cost. After initial recognition, the value of these investments is determined at original cost less provision for devaluation of investments.

*Equity Investments in other entities* comprise investments in equity instruments of other entities without having control, joint control, or significant influence on the investee. These investments are initially recognized at original cost. After initial recognition, these investments are measured at original cost less provision for devaluation of investments.

Provision for devaluation of investments is made at the end of the period as follows:

- With regard to investments in trading securities: the provision shall be made on the basis of the excess of original cost of the investments recorded in the accounting book over their market value at the time the provision is made.
- With regard to investments in subsidiaries, joint ventures or associates: the provision shall be made when the investee incurs a loss, based on the consolidated financial statements of subsidiaries, joint ventures, or associates at the time the provision is made.
- With regard to long-term investments (other than trading securities) without significant influence on the investee: if the investment is in listed shares or the fair value of the investment can be reliably determined, the provision is based on the market value of the shares; if the fair value of the investment cannot be determined at the reporting date, the provision is based on the financial statements of the investee at the time the provision is made.
- With regard to held-to-maturity investments, the provision for doubtful debts shall be made based on the recovery capacity in accordance with statutory regulations.

## **2.7 . Receivables**

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. Receivables are classified as short-term and long-term on the separate financial statements based on their remaining maturity as of the reporting date.

Provision for doubtful debts is made for receivables that are overdue under the economic contract, contractual commitment or debt commitment, for which the Company has made multiple demands for recovery but remains unrecoverable. The provision for overdue receivables is based on original repayment schedule according to the purchase and sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing.

## **2.8 . Fixed assets**

Tangible and intangible fixed assets are initially stated at the historical cost. During the using time, tangible and intangible fixed assets are recorded at original cost, accumulated depreciation and net book value.

Fixed assets are depreciated (amortised) using the straight-line method over their estimated useful lives as follows:

- Machinery and Equipment	03 - 09	years
- Transportation vehicles	06	years
- Management equipment	03 - 10	years

## **2.9 . Construction in progress**

Construction in progress includes fixed assets under acquisition and constructed that are not completed as of the balance sheet date and are recognised at historical cost. This includes costs of construction, installation of equipment and other direct costs.

## **2.10 . Prepaid expenses**

The expenses incurred but related to operating results of several accounting periods are recorded as prepaid expenses and are allocated to the operating results in subsequent accounting periods.

The calculation and allocation of long-term prepaid expenses to operating expenses in each accounting period should be based on the nature of those expenses to select a reasonable allocation method and criteria.

The types of prepaid expenses of the Company include:

- Tools and equipment include assets held by the Company for use in normal business operations, with the original cost of each asset being less than VND 30 million, and therefore not meeting the criteria to be recognized as fixed assets according to current regulations. The original cost of tools and equipment is amortized using the straight-line method over a period of 24 months to 36 months.
- Other prepaid expenses, such as insurance costs, office rental expenses, etc., are recognized at their original cost and are allocated using the straight-line method over their useful life, which ranges from 6 months to 12 months.

## **2.11 . Payables**

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company. Payables are classified as short-term and long-term on the financial statements based on the remaining maturity of the payables as of the reporting date.

## **2.12 . Borrowings**

Borrowings shall be recorded in details in terms of lending entities, loan agreement and terms of borrowings.

Issued bonds are tracked based on their face value, interest rate, and maturity period.

## **2.13 . Borrowing costs**

Borrowing costs are recognized as expenses in the year they are incurred, except for borrowing costs directly related to the construction or production of construction in progress, which are capitalized into the value of the asset when the conditions outlined in Vietnam Accounting Standard No. 16 "Borrowing Costs" are met. Additionally, for loans specifically used for the construction of fixed assets or investment properties, interest is capitalized even if the construction period is less than 12 months.

Bond issuance costs are allocated gradually in accordance with the bond's maturity period using the straight-line method and are recognized as financial expenses. At the time of initial recognition, the bond issuance costs are deducted from the face value of the bond. Periodically, the accountant allocates the bond issuance costs by increasing the bond's face value and recognizing the corresponding amount as a financial expense.

## 2.14 . Accrued expenses

Payables for goods and services received from suppliers during the accounting period, but not yet settled, along with other payables such as interest on loans payable, interest on bonds payable, etc., are recognized as expenses in the production and business activities for the accounting period.

The recording of accrued expenses as operating expenses during the period shall be carried out under the matching principle between revenues and expenses during the period. Accrued expenses will be settled with actual expenses incurred. The difference between accrued and actual expenses will be reversed.

## 2.15 . Owner's equity

Owner's equity is stated at actually contributed capital of owners.

Other capital is the operating capital formed from the operating results or from gifts, presents, financing, assets revaluation (if these items are allowed to be recorded as a decrease or increase in the owner's equity).

Retained earnings reflect the Company's operating results (profit, loss) after corporate income tax and the distribution or handling of profits or losses.

Dividends to be paid to shareholders are recognised as a payable in Statement of Financial Position after the announcement of dividend payment from the Board of Management and announcement of cut-off date for dividend payment of Vietnam Securities Depository Center.

## 2.16 . Revenues

Revenue is recognized when it is probable that the economic benefits will flow to the Company which can be reliably measured. Revenue is determined at the fair value of the amounts received or to be received after deducting trade discounts, sales discounts, sales returns.

### *Financial income*

Revenue arising from interest, dividends, profits, and other financial income is recognized when both of the following conditions are met:

- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The amount of the revenue can be measured reliably.

Dividends and profit distributions are recognized when the company becomes entitled to receive the dividends or profit from its investments.

Bonus shares or stock dividends shall not be recognized as income when the right to receive bonus shares or stock dividend is established. Instead, the number of bonus shares or stock dividends will be presented on the related Note to Separated Financial Statements.

## 2.17 . Cost of goods sold

The cost of goods sold during the period is recognized in alignment with the revenue generated during the period and in accordance with the prudence principle.

## 2.18 . Financial expenses

Financial expenses include interest on loans, bond interest, provisions for impairment of trading securities, provisions for investment losses in other entities, and securities custody fees. These expenses are recognized in full for the amounts incurred during the period, without offsetting against financial income.

## 2.19 . Corporate income tax

### Current corporate income tax expenses

Current corporate income tax expenses are determined based on taxable income during the period and current corporate income tax rate.

Current corporate income tax rate

For the accounting period from 01 January 2025 to 31 March 2025, the Company is subject to a corporate income tax rate of 20% for taxable income derived from its production and business activities.

## 2.20 . Related Parties

The parties are regarded as related parties if that party has the ability to control or significantly influence the other party in making decisions about the financial policies and activities. The Company's related parties include:

- Companies, directly or indirectly through one or more intermediaries, having control over the Company or being under the control of the Company, or being under common control with the Company, including the Company's parent, subsidiaries and associates;
- Individuals, directly or indirectly, holding voting power of the Company that have a significant influence on the Company, key management personnel including directors and employees of the Company, the close family members of these individuals;
- Enterprises owned by the aforementioned individuals that possess direct or indirect voting rights or significant influence over the business.

When assessing the relationships of related parties for the purpose of preparing and presenting financial statements, the Company should focus on the substance of the relationship rather than its legal form.

Detailed information about related party transactions is presented in the Consolidated Financial Statements for the period from 01 January 2025 to 31 March 2025 as the Company publishes both the Consolidated and Separate Financial Statements for the period from 01 January 2025 to 31 March 2025.

## 2.21 . Segment information

The company operates solely in the financial investment sector, and all of its business activities are conducted within Vietnam. Therefore, the company does not present segment reporting by business area or geographic region.

## Annex 1 : FINANCIAL INVESTMENTS (CONTINUED)

### b. Investment in other entities (continued)

(\*) The fair value of the investments is determined based on the closing prices of these stocks on the HOSE exchange as of 31 March 2025 and 31 December 2024. For the investments in Hoi An Tourist Service Joint Stock Company, the closing prices could not be determined due to the absence of trading prices for these stocks on 31 March 2025, 31 December 2024 and around these dates.

(\*\*) The Company has not determined the fair value of these investments for disclosure in the separate financial statements because Vietnamese Accounting Standards and Vietnamese Corporate Accounting System currently do not provide guidance on how to calculate fair value through valuation techniques.

### The reason for each change of investment in subsidiaries
