The financial statements are prepared under the historical cost principle and in accordance with Vietnamese Accounting Standards. The accompanying financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

For the financial period from January 1, 2025 to March 31, 2025

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Declaration on compliance with Accounting Standards and Accounting System

Management has prepared and presented the Company's financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and other prevailing legal regulations guiding the preparation and presentation of financial statements.

IV. APPLICABLE ACCOUNTING POLICIES

1. Recognition of cash and cash equivalents

Cash and cash equivalents include cash on hand, demand and term deposits at banks, cash in transit, and short-term investments with a recovery term of no more than 3 months from the date of investment. These items must be easily convertible to a known amount of cash and carry an insignificant risk of changes in value at the reporting date. The determination of cash equivalents complies with the regulations of Vietnamese Accounting Standard No. 24, "Cash Flow Statements."

2. Recognition of financial investments

Investments in Joint Ventures and Associates

Principles for determining subsidiaries, joint ventures and associates: Based on the proportion of voting rights /shareholding or the percentage of interest.

Investments in associates are recognized using the cost method, under which the cost of the investment is determined as the purchase price plus any transaction costs directly related to the acquisition. In subsequent accounting periods, investments are carried at their initial cost less any provision for impairment losses.

Provisions are made when the carrying value of investments recorded in the accounting books exceeds their market value or when there is an impairment in the value of the investments as of the end of the accounting period. Any increase or decrease in the provision balance is recognized in financial expenses in the statement of profit or loss.

3. Recognition of receivables

The amounts of receivables shall be classified into trade receivables, other receivables following principles below:

- ·Trade receivables: include commercial receivables generating from purchase sale related transactions.
- Other receivables: include non-commercial receivables that are not related to transactions of buying or selling (e.g., receivables from loan interest, deposits; amounts paid on behalf of third parties that are recoverable; receivables related to asset lending, etc.).

Monitoring Receivables.

Receivables shall be recorded specifically to original terms and remaining recovery terms as at the reporting date, original currencies and each object. At the financial statements' preparation date, receivables which have remaining recovery terms of less than 12 months or a business cycle are classified as current receivables, receivables which have remaining recovery terms of over 12 months or a business cycle are classified as non - current receivables.

Recognized receivables shall not exceed the recoverable amounts.

Allowance for doubtful debts

- Allowance for doubtful debts represents the amounts of outstanding receivables at the balance sheet date that the Company expected to be non-recoverable. Increases and decreases to the provision balances are recorded as general and administrative expenses on the income statement.

For the financial period from January 1, 2025 to March 31, 2025

NOTES TO THE FINANCIAL STATEMENTS (continued)

-Provision for doubtful debts which has been overdue for over 6 months (overdue period is determined based on the principal contract, exclusive of the debt rescheduling between contracting parties) is made following principles below:

Overdue	Rate of allowance made
Over 6 months and under 1 year	30%
From 1 year to under 2 years	50%
From 2 years to under 3 years	70%
3 years and above	100%

⁻Accounts receivable are not yet due but the debtors have fallen into bankruptcy or are carrying out procedures for dissolution, disappearance or fleeing: Make an allowance on the basis of estimated irrecoverable losses.

4. Recogition of inventories

Inventories are determined based on the lower of cost and net realizable value. The determination complies with the provisions of Accounting Standard No. 02 - "Inventories", namely: the price of inventories comprises all costs of purchases, costs of conversion and other costs directly related to bringing the inventories to the location and current status. The net realizable value is determined as the estimated selling price minus (-) the estimated costs to complete the product and the estimated costs necessary for consumption.

Method of inventory value calculation: Weighted average/ First in first out/ Specific Identification/ Retail price.

Method of inventory accounting: Perpetual inventory count/ Periodic inventory count.

Method of setting up provision for obsolete inventories: Provision for obsolete inventories is made for the value of expected losses due to devaluation (due to discounts, obsolete, poor quality, inferior and etc.) of raw materials and finished goods owned by the Company based on the reasonable evidence of devaluation at the end of the fiscal year. Increases and decreases in the provision balance are recorded in cost of goods sold in the period.

5. Recognition of Fixed assets, Finance lease, Investment properties and Depreciation

a) Recognition of tangible, intangible fixed assets

Tangible fixed assets

Tangible fixed assets are measured at historical cost less accumulated depreciation.

The historical cost of tangible fixed asset comprises of its purchase price and any directly attributable costs to bring the tangible fixed assets into work condition for its intended use. The identification of the historical cost of each category of tangible fixed assets is in accordance with Vietnames Accounting Standard No. 03 on tangible fixed assets.

Expenditures incurred after the initial recognition (costs of upgrading, renovation, maintenance and etc.) are recognized as operating expenses in the period. Where it can be clearly demonstrated that these expenses increase the expected future economic benefits of the use of fixed assets that exceed the standard operating level initially assessed, these expenses are capitalized as additional costs of the fixed asset.

When a tangible fixed asset is sold or disposed of, its historical cost and accumulated depreciation are removed from the balance sheet, and any gain or loss resulted from the disposal of the asset is included in the income statement.

Depreciation of tangible fixed assets is calculated on a straight-line method over their estimated useful lives as follows:

Assets	Useful life
Building and structure	06-50 years
Machinery and equipment	06-15 years
Means of transportation	06-15 years
Instruments & tools for management	03-08 years

For the financial period from January 1, 2025 to March 31, 2025

NOTES TO THE FINANCIAL STATEMENTS (continued)

Intangible Fixed Assets (IFA).

Intangible fixed assets are stated at cost less accumulated amortization

Land Use Rights.

Land use rights are recognized as Intangible Fixed Assets (IFA) when the Company is granted a Land Use Rights Certificate. The initial cost of land use rights includes all direct expenses related to bringing the land to a ready-for-use condition. Indefinite-term land use rights are not depreciated.

Software Programs.

The original cost of software program intangible fixed assets is determined as the total actual expenses incurred by the Company to acquire the software programs, provided the software programs are separable components from the associated hardware, and the design layout of semiconductor integrated circuits complies with intellectual property laws. Software programs are depreciated using the straight-line method over their estimated useful lives.

Other Regulations on the Management, Utilization, and Depreciation of Fixed Assets.

assets are implemented by the Company in accordance with Circular No. 45/2013/TT-BTC dated April 25, 2013, Circular No. 147/2016/TT-BTC dated October 13, 2016, and Circular No. 28/2017/TT-BTC dated April 12, 2017, issued by the Ministry of Finance.

6. Accounting Principles for Taxes.

a) Current corporate income tax

Current income tax expenses are determined based on taxable income and the applicable corporate income tax rate for the current year.

The Company is exempt from Corporate Income Tax on agricultural processing activities in accordance with Circular No. 96/2015/TT-BTC dated June 22, 2015, issued by the Ministry of Finance.

b) Other taxes

Other taxes are applied according to current tax regulations in Vietnam.

Tax reports of the Company will be subject to inspection of tax authorities. Since the application of laws and regulations on taxation for different transactions can be interpreted in many different ways, the amounts presented in the financial statements could be changed according to the final decision of the tax authorities.

7. Recognition of prepaid expenses

Prepaid expenses are expenses which have actually incurred yet are related to operational outputs of many accounting periods and the transfer of these expenses to operating expenses of susbsequent accounting periods.

Each prepaid expense incurred shall be recorded in details of maturity. As at the reporting date, prepaid expenses that have maturity of less than 12 months or a business cycle since the date of prepayment are classified as current prepaid expenses, expenses that have maturity of over 12 months or a business cycle since the date of prepayment are classified as non-current prepaid expenses.

Short-term prepaid expenses at the end of the financial period include repair and maintenance costs allocated to production and business results within 12 months. Long-term prepaid expenses at the end of the financial period include fixed asset repair costs and high-value tools and supplies allocated to business results over a period of 24 months.

For the financial period from January 1, 2025 to March 31, 2025

NOTES TO THE FINANCIAL STATEMENTS (continued)

8. Recognition of payables

The amount of payable shall be classified into trade payable, intercompany payabless and other payables following

- ·Trade payables: include commercial payables arisen from purchases of goods, services or assets.
- Other payables: include non-commercial payable amounts, or payable amounts that are not related to trading in goods or services (such as interests payable, dividend and profit payable, financial investment expenses payable, payables by a third party, payables arising from borrowing assets, fines and compensation payable, assets awaiting resolution, payables on social insurance, health insurance, unemployment insurance, union funds and etc.)

Monitoring payables

Payables shall be specially recorded to original terms and remaining terms as at the reporting date, original currencies and each object. At Financial Statement's preparation date, payables that have remaining repayment terms of less than 12 months or a business cycle are classified as current payables, payables that have remaining repayment terms of over 12 months or a business cycle are classified as non-current payables.

Recognized payables shall be not lower than payable obligations.

9. Recognition of capitalization of borrowing expenses

Recognition of borrowing expenses

Borrowing expenses include interest expenses and expenses directly relating to the borrowings (such as appraisal costs, audit costs, loan application cost and etc.).

Borrowing expenses are recognized as financial expenses during the period as incurred (except capitalization cases according to regulations in Vietnam Accounting Standards No. 16 "Borrowing expenses")

Capitalized borrowing expenses

Borrowing costs incurred on a separate borrowing directly related to the construction or production of an unfinished asset are included in the cost of that asset (capitalized) after deduction income derived from the temporary investment of these loans. Borrowing expenses are capitalized when an enterprise is likely to gain future benefits from the use of the asset and the interest expense can be measured reliably.

The capitalization of borrowing expenses will cease when the principal activities necessary for preparing the uncompleted assets for use or sale have been completed. Subsequent borrowing costs are charged to the finance costs in

10. Recognition of accrued expenses

Accrued expenses include the value of costs that have been recognized in the business operation expenses during the period but have not been paid as of the end of the financial year, ensuring the matching principle between revenue and expenses. These expenses are recognized based on reasonable estimates of amounts payable for goods and services consumed, including items such as electricity and water costs. At the end of the financial year, accrued expenses include provisions for cane procurement management costs.

11. Recognition of owners' equity

a) Recognition of issued share capital, share premium

Share capital: Reflect the actual amount of investment by shareholders

Share premium: Refers to the difference between the issue price and the par value of shares, the difference between the repurchase price of treasury shares and the reissue price of treasury shares.

b) Principles for recognition of investment and development fund

Development Investment Fund: Used for expanding future business activities, such as investing in other enterprises, purchasing fixed assets, constructing infrastructure, conducting research and development, training, and improving the working environment.

For the financial period from January 1, 2025 to March 31, 2025

NOTES TO THE FINANCIAL STATEMENTS (continued)

c) Recognition of retained earnings

Retained earnings reflect the business results (profit, loss) after corporate income tax and profit sharing situation or dealing with loss of the Company. Retained earnings shall be specifically recorded to the operational results of each financial year (previous year, current year) and to each profit sharing content (appropriated funds, additional investment capital of the owner, dividends, profits for shareholders and investors).

12. Recognition of revenue

Revenue from sales of products, finished goods

Revenue from sales of products, finished goods is recognized when the outcomes of such transactions can be reliably measured and the Company is able to obtain economic benefits from these transactions. Revenue is recognized when the majority of risks and benefits of ownership of the goods have been transferred to the buyer. No revenue is recognized if there are significant uncertainties regarding the recovery of the funds or the possible return of funds.

Financial income

Financial income includes interest on deposits, loan interests

Interest on deposits and loan interest is recognized on the basis of the actual time and interest rate in each period, unless the possibility of recovering interest is uncertain.

13. Recognition of cost of goods sold

Cost of goods sold is recognized according to matching revenue principle.

To ensure the precautionary principle, the costs exceeding the normal level of inventories are immediately recognized as expenses in the period (after deducting the compensation, if any), which includes the costs of raw materials for direct comsumption exceeding normal levels, labor costs, overall fixed manufacturing costs not allocated to the production costs, lost and missing inventories and etc.

The Company did not incur deductions in cost of goods sold during the year.

14. Recognition of financial expenses

Financial expenses include: expenses or losses related to financial investment activities, borrowing and lending expenses, expenses for capital contribution to joint ventures, associates, loss on trading securities transfer, transaction costs of selling securities; allowance for diminution in value of trading securities, provision for losses on investments in other entities, losses incurred when selling foreign currencies, exchange rate losses.

15. Selling and General & administrative expenses

Selling expenses: Are actual expenses incurred during the sale of goods and provision of services including selling staff expenses (salaries, wages, allowances, salary deductions), costs of the offer, product introduction, product advertisement, sales commission, preservation costs, packaging, shipping.

General and administrative expenses: Are general management expenses, including salaries for administrative employees (salaries, wages, allowances and etc.); social insurance, health insurance, trade union funds, unemployment insurance for business managers; expenses for office supplies, labor tools, depreciation of fixed assets used for enterprise management; rental; excise; provision for doubtful debts; outsourced services (electricity, water, telephone, fax, asset insurance, fire and explosion insurance and etc.); other monetary expenses (reception, conference and etc.)

16. Related Parties

A party is considered as related if it can control the other parties or has significant influence on the other party in making financial and operating decisions. Parties are also considered to be related if they are jointly controlled or have significant influence.

In considering the relationship of related parties, the nature of the relationship is more focused on than the legal form.

Transactions and balances with related parties during the year are disclosed in Note VIII.2.

For the financial period from January 1, 2025 to March 31, 2025

NOTES TO THE FINANCIAL STATEMENTS (continued)

17. Other Accounting Principles and Methods
