- Monitored the progress of implementing Resolutions from the General Meeting of Shareholders (GMS), ensuring decisions were executed promptly, comprehensively, and in alignment with the intended direction.

#### **Monitoring finance and capital mobilization:**

- Conducted regular and ad-hoc reviews of Financial Statement and Report on Corporate governance to ensure that figures are presented accurately, reasonably, and in compliance with accounting standards and legal regulations.
- Monitored the process of capital mobilization for key projects, particularly loans from international financial institutions and major investors.
- Provided recommendations to improve capital efficiency, control costs, and optimize the financial structure.

#### **Monitoring Operations and Internal Management:**

- Oversaw activities related to public company registration, securities transactions, and the recruitment and appointment of senior personnel.
- Monitored accounting and financial operations, legal compliance, information disclosure, and risk management to promptly identify and mitigate potential risks.
- Supervised investments in waste-to-energy and renewable energy projects, ensuring their efficiency and alignment with the company's long-term development strategy.

#### **Monitoring Transactions with Related Parties:**

- The Supervisory Board conducted thorough reviews of transactions involving subsidiaries, joint ventures, associates, and individuals or organizations with special relationships, in accordance with the Law on Enterprises and the company's charter.
- Ensured that transactions were carried out transparently, without conflicts of interest, and without causing harm to shareholders.
- Major or high-risk transactions were closely monitored and approved by the Board of Directors (BOD) or the General Meeting of Shareholders (GMS) as per their authority.

#### **Monitoring Renewable Energy Development Strategy:**

- Oversaw the implementation of solar power, wind power, and new energy projects, ensuring compliance with standards for investment returns, payback potential, and long-term efficiency.

#### **Ensuring Safety and Compliance in Production:**

- The Supervisory Board monitored production processes and plant operations to ensure compliance with occupational safety standards and environmental protection regulations.

- The Supervisory Board assessed that the activities of the Board of Directors (BOD) and the Board of Management (BoM) in 2024 fully complied with legal regulations, the company charter, and Resolutions of the General Meeting of Shareholders (GMS). Financial statements were accurately and transparently reflected, providing a solid foundation for the company's development.
- The Supervisory Board recommends further enhancing professional expertise and strengthening oversight of major projects, particularly those related to renewable energy and international capital mobilization, to build greater trust among shareholders and investors.

**d. The coordination among the Board of Supervisors, Audit Committee, the Board of Management, Board of Directors and other managers:**

- The Supervisory Board (SB) maintained close and regular collaboration with the Board of Directors (BOD), the Board of Management (BoM), and internal management departments to ensure effective supervision and support for the company's critical decision-making process.
- The Board of Directors and Executive Board proactively provided all necessary financial reports, meeting documents, and requested information from the Board of Supervisors.
- Information exchange was conducted continuously, particularly before significant events such as the General Meeting of Shareholders (GMS) or the implementation of major projects
- The Supervisory Board participated in the BOD and the Board of Management meetings (when invited). Within its authority, the Supervisor Board offered contributions, critiques, and recommendations on strategies, financial plans, and related matters.
- Feedback from the Supervisory Board was consistently acknowledged by the BOD and the Board of Management and integrated into the decision-making process to ensure objectivity and effectiveness.
- The Supervisory Board regularly provided feedback and proposed improvement solutions during meetings to enhance governance quality, improve business efficiency, and minimize operational risks.
- The Supervisory Board assessed the collaboration between parties as positive, significantly contributing to improved corporate governance and supporting the company's sustainable development.

**e. Other activities of the Board of Supervisors:**

- In 2024, apart from regular and periodic supervisory activities, the Supervisory Board (SB) did not undertake any activities outside its assigned duties.

The Supervisory Board is committed to continuing its collaboration with the Board of Directors (BOD) and the Board of Management (EB) in implementing major projects, fulfilling its supervisory role effectively, and providing valuable recommendations to protect shareholder interests and promote the company's sustainable development.
