The Company's investment property comprises 23,600 m² of land located in Dao Cam Moc street, Thu Lam Commune, Hanoi City. Of this, the land use rights were transferred from a partner in 2012, with a term of 20 years starting from December 7, 1996. Since 2017, the Company has continued to use this land area under a lease arrangement with annual payments.

The fair value of the investment property has not been formally assessed and determined as of June 30, 2025. However, based on the lease position and market value of these assets, the Board of Management believes that the fair value of the investment property is greater than the carrying amount at the balance sheet at the end of the fiscal year.
