5. Statement on comparability of information in Financial Statements: Information in financial statements is completely comparable between years.

II. ACCOUNTING PERIOD, CURRENCY UNIT USED IN ACCOUNTING

1. Accounting period: The Company's accounting period begins on January 1 and ends on December 31 each year.

2. Accounting currency: The financial statements are presented in Vietnamese Dong (VND), using the historical cost principle and in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System and relevant legal regulations in Vietnam.

III. ACCOUNTING STANDARDS AND REGIMES APPLIED

1. Applicable accounting regime

Applying accounting laws, Vietnamese accounting standards, Vietnamese accounting systems and relevant legal regulations in Vietnam.

Currently, the Company applies the enterprise accounting regime issued under Circular No. 200/2014/TT-BTC dated December 22, 2014 of the Ministry of Finance.

2. Declaration on compliance with Vietnamese accounting standards and accounting regime

X20 Joint Stock Company strictly and fully complies with the current accounting laws, accounting standards, Vietnamese enterprise accounting regime and regulations on financial management.

IV. ACCOUNTING POLICIES APPLIED

1. Basis for preparation of Financial Statements

The accompanying consolidated financial statements are presented in Vietnamese Dong (VND), according to the historical cost principle and in accordance with Vietnamese Accounting Standards and legal regulations related to the preparation and presentation of Financial Statements.

2. Exchange rates

For transactions arising in foreign currencies: Transactions arising in foreign currencies are translated at the exchange rate applicable at the time of the transaction, the exchange rate difference arising from these transactions is recorded as financial income and expenses in the statement of income.

Revaluation of foreign currency-based monetary items: at the time of preparing the Financial Statements, the Company did not re-evaluate foreign currency-based monetary items.

3. Cash and cash equivalents

Cash: Including Cash on hand, Bank deposits (no term)

Cash, Bank deposits are recorded on the basis of actual receipts and payments.

Cash equivalents: short-term investments, term deposits with a recovery or maturity of no more than 3 months from the date of investment, deposits that can be easily converted into a certain amount of cash and have no risk of conversion into cash at the time of reporting.

4. Investments

Investments in subsidiaries, joint ventures and other investments

Investments in associates and joint ventures: Investments in associates and joint ventures in which the Company has significant influence are presented using the historical cost principle.

Distributions of profits that the Company receives from the accumulated profits of the associated companies after the date the Company gains control are recorded in the Statement income for the year. Other distributions are considered as the recovery of investments and are deducted from the investment value.

Other investments: Recorded under the historical cost principle.

Allowance for losses on investments

Allowance for losses on investments in subsidiaries, joint ventures and associated companies is made when these companies suffer losses leading to the possibility of investors losing capital or the allowance is due to the decline in the value of investments in these companies (except for the case of planned losses determined in the business plan before the investment). The level of allowance is corresponding to the Company's capital contribution ratio in economic organizations according to the guidance in Circular 48/2019/TT-BTC dated August 8, 2019.

For other investments, the allowance for losses is based on the fair value of the investment at the time of allowance. In case the fair value cannot be determined, the allowance is based on the loss of the investee.

5. Receivables

Receivables are monitored in detail according to the receivable term, receivable objects, original currency and other factors according to the Company's management needs.

Receivables include receivables from customers and other receivables recorded according to the following principles:

Receivables from customers include receivables of a commercial nature arising from purchase-sale transactions between the Company and the buyer (an entity independent of the seller, including receivables between the parent company and subsidiaries, joint ventures, and associates). Commercial receivables are recorded in accordance with the Revenue Standard on the time of recording based on invoices and documents.

Other receivables include receivables of a non-commercial nature.

Internal receivables include receivables from affiliated units without legal status and dependent accounting.

Receivables are classified as Short-term and Long-term on the Balance Sheet based on the remaining term of the receivables at the date of the Financial Statements.

Allowance for doubtful debts: is made for each doubtful debt based on the overdue period of principal payment according to the original debt commitment (excluding debt extension

between the parties), or the expected loss level that may occur according to the guidance in Circular 48/2019/TT-BTC dated August 8, 2019.

6. Inventories

Inventories are determined on the basis of historical cost principle, in case the historical cost principle of inventory is higher than the net realizable value, it must be calculated according to the net realizable value. The historical cost principle of inventory includes the cost of direct materials, direct labor costs and general production costs, if any, to bring the inventory to its current location and condition. Net realizable value is determined as the estimated selling price less all costs of completion and costs to be incurred in marketing, selling and distribution.

Inventories are accounted for using the perpetual inventory method and are valued using the weighted average method.

The Company's allowance for inventories is made in accordance with current accounting regulations. Accordingly, the Company is allowed to make allowance for obsolete, damaged or substandard inventories in cases where the actual value of the inventories is higher than the net realizable value at the end of the accounting period.

7. Fixed assets

The Company manages, uses and depreciates fixed assets in accordance with the guidance in Circular 45/2013/TT-BTC issued on April 25, 2013 and Circular 147/2016/TT-BTC dated October 13, 2016 amending and supplementing a number of articles of Circular 45/2013/TT-BTC issued by the Ministry of Finance, Circular 28/2017/TT-BTC dated April 12, 2017 amending and supplementing a number of articles of Circular 45/2013/TT-BTC and Circular 147/2016/TT-BTC of the Ministry of Finance.

Accounting principles

Tangible fixed assets

Tangible fixed assets are reflected at historical cost principle, presented at historical cost principle minus accumulated depreciation. The historical cost principle of fixed assets includes all costs incurred by the Company to acquire the fixed assets up to the time the assets are ready for use.

When fixed assets are sold or liquidated, the historical cost principle and accumulated depreciation are written off and any gains or losses arising from the liquidation are included in other income or other expenses in the year.

Intangible fixed assets

Intangible fixed assets include the value of the long-term Use Rights at Garment Factory 20B according to Certificate No. B.330747 issued by the People's Committee of Thanh Hoa Province on October 28, 1994; Long-term Land Use Right at Lot 1, Alley 64/3 Phan Dinh Giot according to Land Use Right Certificate No. CT-DA00084 issued on February 25, 2016 issued by the Hanoi Department of Natural Resources and Environment on December 25, 2016. The Company depreciates the accounting software on a straight-line basis over a period of 03 years and other intangible fixed assets (land leveling costs to lease land in Nam Dinh and at Factory 20B),

Depreciation method

Tangible fixed assets are depreciated on a straight-line basis over their estimated useful lives. The specific depreciation periods are as follows:

	<u>Time (Years)</u>
Buildings	07 – 25
Machinery and equipment	05 - 12
Motor vehicles	05 - 10
Office equipment	04
Other tangible fixed assets	03

8. Prepaid expenses

Prepaid expenses reflect Accrued expenses that have been incurred but are related to the results of production and business activities of many accounting periods and the transfer of these expenses to production and business expenses of the following accounting periods.

Prepaid expenses: are recorded at historical cost principle and are classified into short-term and long-term on the Balance Sheet based on the prepayment period of each contract.

9. Construction in progress

Assets in the process of construction for production, rental, administration or any other purpose are recorded at historical cost principle. These costs include service expenses and related interest expenses in accordance with the Company's accounting policy. Depreciation of these assets is applied in the same way as other assets, starting when the assets are ready for use.

10. Payables

Payables are monitored in detail by payment term, payable objects and other factors according to the Company's management needs.

Payables include payables to sellers, payables to loans, internal payables and other payables which are payables with almost certain value and time and are recorded at no lower than the payment obligation, classified as follows:

Payables to sellers: includes payables of a commercial nature arising from transactions of purchasing goods, services, assets between the Company and the seller (an independent unit of the Company, including payables between the parent company and subsidiaries, joint ventures, and associates). These payables include payables when importing through a consignee (in consignment import transactions);

Other payables include non-commercial payables, not related to the purchase and sale, Allowance of goods and services;

11. Loans and financial lease liabilities

Including loans, financial lease liabilities, excluding loans in the form of issuing bonds or preferred shares with a clause requiring the issuer to repurchase at a certain time in the future.

The Company monitors loans and financial lease liabilities in detail for each debt object and classifies them as short-term and long-term according to the repayment period.

Costs directly related to loans are recorded in financial expenses, except for costs arising from loans specifically for the purpose of investing, constructing or producing unfinished assets, which are capitalized according to the Accounting Standard on Borrowing Costs.

12. Capitalization of borrowing costs

All interest costs are recorded in the Statement of Business Performance when incurred, unless capitalized according to the Allowances of the accounting standard "Borrowing Costs".

13. Accrued expenses

Accrued expenses that have not yet arisen but are deducted in advance from production and business expenses during the year to ensure that when Accrued expenses arise, they do not cause sudden changes in production and business expenses on the basis of ensuring the principle of matching between revenue and expenses. When such expenses arise, if there is a difference with the amount deducted, the accountant will record additional or reduce the expenses corresponding to the difference.

14. Owners' equity

The owner's investment capital is recorded according to the actual capital contributed by the owner.

Undistributed profits are determined based on the statement income after corporate income tax and the distribution of profits or loss handling of the Company.

Net profit after tax are distributed as dividends to shareholders after being approved by the Board of Shareholders at the Company's Annual General Meeting and after setting aside reserve funds according to the Company's Charter.

Dividends are announced and paid based on the estimated profits achieved. Official dividends are declared and paid in the following fiscal year from undistributed profits based on the approval of the Shareholders' Council at the Company's Annual General Meeting.

15. Revenue and other income

Revenue from sales and provision is recognized when all five (5) following conditions are simultaneously satisfied:

The Company has transferred the significant risks and rewards of ownership of the products or goods to the buyer;

The Company no longer retains management rights as the owner of the goods or control over the goods;

(c) The revenue can be measured reliably;

(d) It is probable that the economic benefits from the sale transaction will flow to the Company; and

(e) The costs related to the sale transaction can be measured reliably.

Revenue from a service transaction is recognized when the outcome of that transaction can be measured reliably. In case the service transaction involves many periods, revenue is recognized in the year according to the results of the work completed at the date of the Balance Sheet of that period. The outcome of a service transaction is recognised when all four (4) of the following conditions are met:

- (a) The amount of revenue can be measured reliably;
- (b) It is probable that the economic benefits associated with the transaction will flow to the entity;
- (c) The stage of completion of the transaction at the balance sheet date can be measured reliably; and
- (d) The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

For interest, dividends and profits shared and other income: Revenue is recognised when it is probable that the economic benefits will flow to the entity and the amount of revenue can be measured reliably.

16. Cost of goods and services

Including cost of products, goods, services, investment real estate sold during the year (including depreciation costs; repair costs; operating lease costs of investment real estate, transfer and liquidation costs of investment real estate, etc.) are recorded in accordance with revenue consumed during the year.

For direct material costs consumed in excess of normal levels, labor costs, fixed general production costs not allocated to the value of products in stock are recorded immediately in cost of goods sold (after deducting compensation, if any) even when the products and goods have not been determined to be consumed.

17. Financial expenses

Borrowing costs: Recorded monthly based on the loan amount, loan interest rate and actual number of loan days.

18. Current and deferred income tax expenses

Income taxes include all income tax expenses and deferred income tax expenses (or current income tax income and deferred income tax income) when determining profit or loss of a period.

Current current and deferred income tax expenses: is the amount of corporate income tax payable calculated on taxable income in the year and the current corporate income tax rate. Current income tax is calculated based on taxable income and the tax rate applied in the tax year.

The difference between taxable income and accounting profit is due to the adjustment of differences between accounting profit and taxable income according to current tax policy.

The Company is obliged to pay corporate income tax at a rate of 20% on taxable income.

Pursuant to Decision No. 2702/2004/QĐ-UB of the People's Committee of Nam Dinh Province dated October 25, 2004 on the promulgation of details on the continued implementation of the investment incentive mechanism in Hoa Xa Industrial Park. The Company is exempted from tax for 2 years and exempted from 50% of corporate income tax for the next 6 years when determining the current current and deferred income tax expenses arising at Nam Dinh Textile Enterprise.

19. Accounting estimates

The preparation of the Financial Statements in compliance with Vietnamese Accounting Standards, the current Vietnamese Enterprise Accounting Regime and legal regulations related to the preparation and presentation of Financial Statements requires the Board of Directors to make estimates and assumptions that affect the reported figures on liabilities, assets and the presentation of contingent liabilities and assets at the date of the Financial Statements as well as the reported figures on revenues and expenses during the financial year. Actual results may differ from those estimates and assumptions made.

20. Basic earnings per share

Basic earnings per share for ordinary shares is calculated by dividing the profit or loss attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of potentially dilutive ordinary shares, including convertible bonds and stock options.
